Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg.
Number:

3008-74

Date of Issuance:

SEP 24 1998

NOTICE OF PESTICIDE:
X Registration
Reregistration

(under FIFRA, as amended)

Term of Issuance: **Until**
Reregistration

Name of Pesticide Product:

COP-R-NAP RTU SOLUTION

Name and Address of Registrant (include ZIP Code):

Osmose Wood Preserving, Inc.
980 Ellicott Street
Buffalo, NY 14209

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistration under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data or other material required for registration/reregistration of your product under FIFRA sec. 3(c)(5) or FIFRA sec. 4 when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

Signature of Approving Official:

Adam Heyward
Adam Heyward, Product Manager (34)
Regulatory Management Branch II
Antimicrobials Division (7510W)

Date:

page 2

EPA Reg. No. 3008-74

- a. Add the phrase, "EPA Registration No. 3008-74".
- b. Remove the statement "(2% copper as metal)" from the ingredient statement and add this statement directly below the ingredient statement:

"Equivalent to 2% metallic copper"

- c. Revise the disposal statement to include the following statement:

"Do not contaminate water, food, or feed by storage and disposal."

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Adam Heyward
Product Manager 34
Regulatory Management Branch II
Antimicrobials Division (7510W)

Enclosure

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Wood Preservation: For the control of fungal rot and decay, mold and mildew, moss, termites (including Formosan termites) and other wood destroying insects in wood products.

Protects wood in contact with soil and water. Protects against wood rot, termite damage, mildew and moisture.

APPLICATION SITE

COP-R-NAP is only intended for use on exterior wood. Do not apply to food or feed contact surfaces. Do not contaminate drinking water with treated articles. COP-R-NAP Wood Preservative provides protection against moisture, rot and mildew on any natural wood surface. This copper naphthenate wood preservative and insecticide will preserve, protect and seal wood surfaces that will be in contact with soil, water or concrete.

The copper fungicide gives a green cast to COP-R-NAP Wood Preservative. This product is not intended for use as a stain. The green color will fade within a few months when exposed to sunlight. Oil or alkali stains or paint can be applied over COP-R-NAP Preservative after overnight dry but the green may bleed through lighter colors. Do not over coat COP-R-NAP Wood Preservative with latex paint or clear finishes until thoroughly cured (6 to 12 months).

PREPARATION

Wood should be clean, dry and well seasoned and free of bark.

APPLICATION

COP-R-NAP Wood Preservative should be applied liberally by brush, roller, spray, total immersion, surface flooding or internal injection under pressure for the prevention and control of fungal decay organisms.

Dipping - Wood should be dipped for 3 to 30 minutes per inch of thickness. Fence posts, piles, poles, foundation timber and heavy wooden members should be free of bark, dry, and well seasoned and immersed in the product for a period of 12 to 48 hours to be an effective wood preserver.

Internal Treatment - To internally treat previously treated utility poles or other foundation timbers apply COP-R-NAP solution to interior cavity of wood structure through prepared openings using air or mechanical pressure pump. Apply 1 gallon or to refusal.

Do not thin - material supplied at proper application consistency. Use one coat on materials to be finished with paint or stain. If no finish is to be used, apply two liberal coats within the hour. Thoroughly cover ends. The more preservative absorbed by the wood, the longer and more effective the protection. Clean painting equipment with mineral spirits for quick clean up.

Coverage: 100 - 300 sq. ft./gal. depending on porosity and method of application.

STORAGE AND DISPOSAL

STORAGE: Store at temperature between 0 F and 100 F. If the product has been spilled or is leaking, remove the source of the spill or leak. Recover free liquid. Spread absorbant, then pick up and place in containers. Then, where applicable, wash area with detergent and water. Store product in the original container only. Keep container closed when not in use.

PESTICIDE DISPOSAL: Wastes resulting from use of this product should be disposed of according to state and local regulations.

CONTAINER DISPOSAL: Do not use empty container. Wrap container and put into trash collection.

ACCEPTED
