

# SPRAY-TROL

BRAND

## INSECTICIDES

### TOXI-TROL

A Residual Insecticide  
EPA: Reg. No. 3050-13

TOXI-TROL is especially effective in flour mills, grain elevators, rice mills, bakeries, spice mills, food processing plants and warehouses for use in those areas where a long-lasting killing effect is advantageous. DO NOT use in edible products areas of food processing plants, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

Recommended for the control of exposed stages of flour and grain weevils, confused flour beetle, meal moths, saw-toothed grain beetle, rice weevil, cadelles, black carpet beetle, ants, silverfish, mites, flies, roaches and water bugs, when used as directed.

#### DIRECTIONS

1. Before applying TOXI-TROL brush down or sweep area of dirt and dust.
2. Close, cover or remove all open food containers before applying.
3. Do not apply insecticide on food stuffs or feed or on bags or other absorptive containers.
4. TOXI-TROL should be applied as a course wetting spray or by painting surfaces until wet without run-off. One gallon is sufficient for approximately 100 square feet.
5. Spray walls, floors, in NON-food processing areas where insects are seen hiding, paying particular attention to cracks, crevices, trailways and all areas where insects may congregate.
6. Outdoor areas, exposed to sunlight and weathering may require several sprayings a month. Indoor areas should be treated as required.

#### WARNING

For Industrial  
Use Only

Harmful if Swallowed

Contact with skin can cause toxic symptoms. May be absorbed through skin. Avoid breathing spray mist and skin contact. In case of contact, wash immediately with soap and water. Avoid contamination of food stuffs and feed. Do not spray on humans, pets or vegetation.

Do not reuse empty drum. Return to drum conditioner or destroy by perforating or crushing and burying it in a safe place away from water supplies.

Combustible Mixture: Do not use or store near heat or open flame.

Contents ..... Gallons

#### ACTIVE INGREDIENTS 100%

Petroleum hydrocarbon oil base	46.5%
*Methoxychlor, technical	3.0%
Gamma isomer of Benzene Hexachloride	0.5%
from Lisdine	1.0%
*Equivalent to 2,2,4, 2,2-bis (4-methoxyphenyl)-1,1,1-trichloroethane and other isomers and related compounds.
