

# SPRAY-TROL

R R A N

## INSECTICIDES

### DIAZI-TROL

Contains Pyrethrins, Piperonyl butoxide and Diazinon

For Spot Application Only  
U.S.D.A. Reg. No. 3050-22

Recommended for the control of roaches, water bugs, silverfish, spiders, ants, crickets, carpet beetles, flies, mosquitos and moths, when used as directed.  
This spray is formulated to flush out roaches and will kill those insects contacted by the spray particles. In addition, it will continue to give a residual killing effect when applied to surfaces as a contact spray.

#### DIRECTIONS

- ROACHES, WATER BUGS, SILVERFISH, SPIDERS, CRICKETS, ANTS**  
Spray thoroughly into all cracks around baseboards and other places where insects hide. Also spray all damp surfaces behind and beneath cabinets, refrigerators, sinks and stoves. Spray other localized areas infested with these pests. Repeat treatment as required.  
Do not allow insecticide to come into contact with food products, containers or utensils.
- CARPET BEETLES** - Make localized application to areas of the floor and baseboards where insects are found. Spray carpets where insects may be found. Treat all areas of infested areas of carpets and bedding. Repeat as necessary.
- FLIES, MOSQUITOES, WASPS, FLYING MOTHS - OUTDOORS** - For outdoors, use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, windows, frames and wherever these insects may enter the room. Also treat surfaces around porches, in garages, and other places where these insects might congregate. Repeat as necessary.

**CAUTION**  
Keep out of reach  
of Children  
Harmful if swallowed

#### ACTIVE INGREDIENTS 100%

Pyrethrins 0.05%  
Piperonyl butoxide 0.50%
