home products manufacturers and
hospitals---now available for personal
home use.

Back:

SANITIZED® is a colorless bacteriostatic liquid possessing lasting and effective inhibition against growth and action of bacteria, mold, mildew and fungus. It retards the development of odors due to bacterial action and decay.

DIRECTIONS:

Clean all surfaces before spraying for maximum effectiveness. Hold container approximately 6 - 8 inches from object to be sprayed. Spray thoroughly and wet evenly. Use sparingly. A little goes a long way.

For Use On:

APPAREL:

cotton, nylons, leathers, lingerie, sweaters, hosiery, suits, dresses, outerwear, etc.

BEDDING:

blankets, mattresses, pillows, comforters, covers.

HOME FURNISHINGS:

rugs, upholstery, draperies, table tops.

LAUNDRY:

spray all clothes before ironing.

BABY:

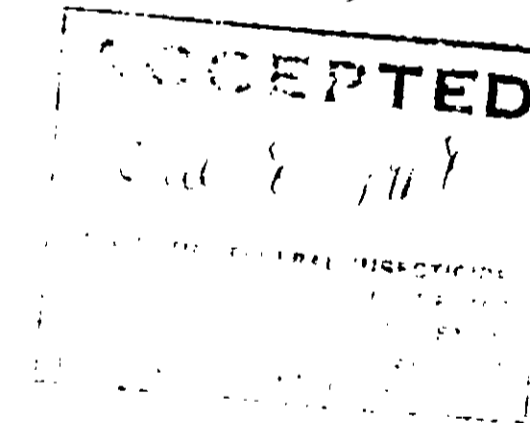

toys, beds, cribs, books, pants, clothes, diapers, diaper pails.

FOR BATHROOMS AND KITCHENS:

walls, floors, table counters, sinks, tubs, toilet bowls and seats, medicine cabinets, shower curtains, garbage pails, waste baskets, broom closets, etc. Spray and wet well, then wipe off with damp sponge or cloth moistened with Sanitized.

CAUTION: Do not puncture or incinerate can after emptying. Store at room temperature. Flammable. Avoid contact with eyes and food.

IMPORTANT NOTICE: SANITIZED® is the registered trademark of Sanitized, Inc., and cannot be used without the consent of the trademark owner.
