AND POLLUTION PREVENTION

December 3, 2014

Stewart E. Klein
President
Sanitized Inc.
PO Box 2211
New Preston, CT 06777

Subject: Label Amendment – Updating Emergency Contact Numbers
Product Name: Sanitized TB 83-35
EPA Registration Number: 3090-217
Application Date: October 1, 2014
Decision Number: 496657

Dear Mr. Klein:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

PRECAUTIONARY STATEMENTS
HAZARD TO HUMANS AND DOMESTIC ANIMALS

DANGER. Causes irreversible eye damage. Causes skin irritation. Do not get in eyes, on skin, or on clothing. Harmful if swallowed. Harmful if inhaled. Do not breathe vapor or spray mist. Wear coveralls worn over short-sleeved shirt and short pants, socks, chemical-resistant footwear, chemical-resistant gloves made of barrier laminate, butyl, nitrile, or neoprene rubber, polyvinyl chloride or Viton, goggles or face shield, and a NIOSH approved respirator with an organic vapor (OV) cartridge or canister with any N, R, P or HE prefilter.

User Safety Recommendations

User should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. User should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. User should remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing. Follow manufacturing's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish, aquatic invertebrates, oysters and shrimp. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

ACCEPTED

12/03/2014

Under the Federal Insecticide, Fungicide,
and Rodenticide Act as amended, for the
pesticide registered under
EPA Reg. No. 3090-217

SANITIZED®* TB 83-35

A FABRIC/ TEXTILE MICROBIOCID

SANITIZED® it's the registered trademark/brandname
of Sanitized Inc. for its BACTERIOSTATIC Chemicals.

*This product is not registered for use as a sanitizer.

ACTIVE INGREDIENTS

2-n-Octyl-4-isothiazolin-3-one.....	2.25%
1,2-Benzisothiazolin-3-one.....	0.90%
OTHER INGREDIENTS.....	96.85%
TOTAL.....	100.00%

Contains 8.4 lbs. of product per gallon

KEEP OUT OF REACH OF CHILDREN
DANGER

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For use by manufacturers only as an antimicrobial treatment. For the control of mildew, odor causing bacteria and fungi that may affect the integrity of the treated textiles used in the manufacture of mattress tickings. Also as a microbiostat preservative for the following aqueous compositions: latices, non-food contact adhesives, casein/rosin dispersions which are then used in the manufacture of carpet underlays, carpet backing and upholstery undersides.

DILUTION RATE AND APPLICATION

Use 1.0 to 2.0 % of the Sanitized® TB 83-35 product per 1000 gallons.

Mattress Ticking:

Use a concentration of 1.0 to 2.0% of the Sanitized® TB 83-35 product, relative to the dry weight of the fabric/textile/material being treated.

Latices: (polymers, synthetic, rubber)

Use a concentration of 0.3 to 1.5 % of the Sanitized® TB 83-35 product, relative to the total weight of the material being treated.

Adhesives: (NON-FOOD CONTACT)

Use a concentration of 0.3 to 1.5 % of the Sanitized® TB 83-35 product, relative to the total weight of the material being treated.

Casein/Resin:

Use a concentration of 0.3 to 1.5 % of the Sanitized® TB 83-35 product, relative to the total weight of the material being treated.

Refer to the technical bulletin for additional information.

Use only to treat carpet-backing. Not for use in carpet fibers.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE INSTRUCTIONS

Open dumping is prohibited. Store in original containers and place in locked storage area. Keep from freezing.

SPILL OR LEAK PROCEDURES

Small spills may be mopped up or flushed away with water or absorbed on some absorbent material and incinerated.

PESTICIDE DISPOSAL

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions contact your State Pesticide or Environmental Control Agency, or the hazardous waste representative at the nearest EPA regional Office for guidance.

CONTAINER DISPOSAL

Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse empty container with water. Then offer for recycling or reconditioning. If not available, puncture and dispose in a sanitary landfill.
