Sanitized Inc.
PO Box 2211
New Preston, CT 06777

Subject: **T-99-19 (40%)**
EPA Registration Number 3090-220
Application Dated May 21, 2011
EPA Received Date May 23, 2011

Dear Mr. IKlein:

The following amendment submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is accepted.

Proposed Amendment:

- Revised Container Disposal Statements per PR notice 2007-4

General Comments:

A stamped copy of the acceptable labeling is enclosed. Submit one (1) copy of your final printed labeling before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, please contact Drusilla Copeland at (703) 308-6224.

Sincerely,

 Velma Noble
 Product Manager (31)

**PRECAUTIONARY STATEMENTS
HAZARD TO HUMANS AND DOMESTIC ANIMALS
DANGER**

Corrosive. Causes irreversible eye damage and skin burns. Fatal if inhaled or absorbed through skin. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Do not breathe vapor or spray mist. Wear protective eyewear such as goggles, or, face shield. Wear coveralls worn over long-sleeved shirt and long pants, socks, chemical resistant footwear and chemical-resistant gloves. Wear a respirator with an organic-vapor removing cartridge with a prefilter approved for pesticides (MSHA/NIOSH approval number prefix TC-23C), or, a NIOSH approved respirator with an organic vapor (OV) cartridge or canister with any N, R, P or HE prefilter. Wash thoroughly with soap and water after handling, before eating, drinking, chewing gum, using tobacco or using restroom. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE

Store in original containers and place in locked storage area. Keep from freezing. Moisture sensitive. Keep container closed until ready for use and after use.

SPILL OR LEAK PROCEDURES

Small spills may be mopped up on some absorbent material and incinerated.

PESTICIDE DISPOSAL

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions contact your State Pesticide or Environmental Control Agency, or the hazardous waste representative at the nearest EPA regional Office for guidance.

CONTAINER DISPOSAL

~~Nonrefillable container. Do not reuse or refill this container. Offer recycling if available. Triple rinse (or equivalent) promptly after emptying.~~

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

USE, BLENDING AND FORMULATING INSTRUCTIONS FOR THE LISTED MATERIALS

This product is an antimicrobial formulation designed to be incorporated at various stages of their manufacturing process to preserve the integrity of the manufactured material identified on this label. Using the conventional methods of application deposit 0.1 % to 1.0 % active ingredient based on the weight of the material being treated. For example, to deposit 0.1 % active ingredient based on the weight of the fabric, add 0.23 lbs of product per 100 lbs of fabric. Predilute the predetermined amount of the product in water and mix thoroughly. Disperse that amount in the treating bath and thoroughly mix the solution. Run the bath for 15 to 30 minutes. Dry the treated material in the usual manner.

USES: Shoes, Draperies, Mattress Ticking, Mattress Pads, Sheets/Towels, Shower Curtains, Tenting, Industrial Tarpaulins, Awnings, Carpet/Rugs, Sleeping Bags, Socks, Hosiery, Underwear, Upholstery, Air Filters.

TREATED PRODUCTS ARE: Bacteriostatic, Fungistatic, Deodorizer; inhibit the growth of odor causing bacteria; fabric resists perspiration odors; odor resistant; resist the development of bacterial and fungal odors; controls odors washing after washing; chemically treated to control odors; inhibits deterioration and discoloration caused by fungus; resist the growth of mold and mildew; for lasting freshness; durable; will prolong the life of the treated products; wash resistant; lasts through repeated washings, cleanings and shampoos; treatment is not destroyed by repeated washings.

Contact us for specific information regarding use rates within the ranges specified on this label for particular applications.

Do not use for the production of baby diapers or fibers for the production of baby diapers.

No finished product incorporating T99-19 may make any public health claims relating to antimicrobial activity without first obtaining an EPA registration for the finished product which permits such claims, and without a tolerance or exemption from the requirement of a tolerance. When incorporating into treated articles, this product does not protect users of any such treated article or others against food borne or disease causing bacteria, viruses, germs or other disease causing organisms.

INERT INGREDIENTS..... 60.0%

TOTAL..... 100.0%

KEEP OUT OF REACH OF CHILDREN

DANGER - POISON

See side panel for additional precautionary statements

STATEMENT OF PRACTICAL TREATMENT - FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going to treatment.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first five minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

Call 860-868-9491 for additional medical advice.
