U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Antimicrobials Division (7510P)
1200 Pennsylvania Avenue NW
Washington, D.C. 20460

EPA Reg. Number: 3090-226

Date of Issuance: JUL 20 2010

Term of Issuance: Conditional

Name of Pesticide Product: Sanitized Brand TH 27-24

NOTICE OF PESTICIDE:

[x] Registration
Reregistration

(under FIFRA, as amended)

Stewart E. Klein
Sanitized, Inc.
57 New Milford Turnpike
PO Box 2211
New Preston, CT 06777

Note: Changes in labeling, differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product, always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec 3(c)(7)(a) provided that you:

- 1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA section 4.
2. Make the labeling changes listed below before you release the product for shipment:
a. Revise the "EPA Registration Number to read, "EPA Reg. No. 3090-226".

Signature of Approving Official:

[Handwritten signature: M Swindell]

Marshall Swindell
Product Manager Team-33
Regulatory Management Branch I
Antimicrobials Division (7510P)

Date:

- b. Because there is not evidence or history of the one year stability of this product, to satisfy OPPTS 830.6317 (Storage Stability) and 830.6320 (Corrosion Characteristics) requirements, results for a minimum of 1 year from a GLP-compliant corrosion characteristics study must be provided to the Agency upon completion.
- c. Assign a Restricted-Use Classification or the package must be packaged in Child-Resistant Packaging (CRP). Based upon data placing the product in toxicity category I for primary eye irritation, this product meets the Agency requirements for CRP. In accordance with 40 CFR 157.22 and 157.24, the Agency exempts from the requirement for CRP those products classified for restricted use.
- d. Revisions required under the heading "Directions For Use":
  - a. Treatment sites must be clearly identified. The statement "All statements in communication...this information is given without obligation or liability of any kind on our part" is thus unacceptable.
  - b. Complete information on how to prepare, handle, and apply the pesticide must appear on the label. Specific Directions for Use are required so that the user knows how to use the product and in what amounts. The current phrase "...the finished product contains 0.5% to 2.5% by weight of additive" is thus unacceptable.
- e. The following revisions to the product label are required:
  - a. Under the "Precautionary Statements" section of the product label apply the following statement. "Danger. Corrosive. Causes irreversible eye damage. Do not get in eyes or on clothing. May be fatal if swallowed or inhaled. Do not breathe vapor or spray mist. Harmful if absorbed through the skin. Wear protective eyewear (goggles, face shield, or safety glasses). Wear protective clothing and rubber gloves. Wear a respirator with an organic-vapor removing cartridge with a prefilter approved for pesticides (MSHA/NIOSH approval number prefix TC-23C), or a canister approved for pesticides (MSHA/NIOSH approval number prefix TC-14G), or a NIOSH approved respirator with an organic vapor (OV) cartridge or canister with an N, R, P, or HE prefilter. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse."
  - b. Under the "Note to Physician" statement of the product label, change "gasric lavage" to read "gastric lavage."
  - c. Under the "First Aid Statement" add "Have the product container or label with you when calling a poison control center or doctor or going for treatment," and "For emergency information on [product, use, etc.] call the National Pesticides Information center at 1-800-858-7378, 6:30 AM to 4:30 PM Pacific Time (PT), seven days a week. During other times, call the poison control center at 1-800-222-1222."

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records. Submit one (1) copy of your final printed labeling prior to release of this product for shipment. If you have any questions concerning this letter, please contact Abigail Downs at (703) 305-5259.

Sincerely,

Marshall Swindell  
Product Manager Team-33  
Regulatory Management Branch I  
Antimicrobials Division (7510P)

JUL 20 2010

Enclosure: (Stamped Label)

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS

Danger. Corrosive. Causes irreversible eye damage and skin irritation. Do not get in eyes, on skin or on clothing. May be fatal if swallowed. Harmful if inhaled. Harmful if absorbed through skin. Wear protective eyewear (goggles, face shield or safety glasses). Wear protective clothing and rubber gloves. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash clothing before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited

STORAGE INSTRUCTIONS

Store in original containers and place in locked storage area. Keep from freezing. Moisture sensitive. Keep container closed until ready for use and after use.

SPILL OR LEAK PROCEDURES

Small spills may be mopped up or flushed away with water or absorbed on some absorbent material and incinerated.

PESTICIDE DISPOSAL

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions contact your State Pesticide or Environmental Control Agency, or the hazardous waste representative at the nearest EPA regional Office for guidance.

CONTAINER DISPOSAL

Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse (or equivalent) empty container with water. Then offer for recycling or reconditioning. If not available, puncture and dispose of in a sanitary landfill.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

- Do not use in the manufacture or treatment of items that may come in contact with food.
Use only under an agreement with Sanitized Inc, New Preston, CT.
Do not use for the production of health care products or products intended to decrease the transmission of disease (items regulated by the Food & Drug Administration)
Finished products incorporating the above product may not make claims of antimicrobial activity that exceed what is permitted in PR Notice 2000-1

USE, BLENDING AND FORMULATING INSTRUCTIONS FOR THE LISTED MATERIALS

This product is an antimicrobial formulation designed to be incorporated into textile fibres and mixtures thereof at various stages of their manufacturing process to preserve the integrity of the manufactured materials. Manufactured products may be used in the following applications such that the finished product contains 0.25% to 2.5% by weight of the additive.

FIELDS OF APPLICATION: Home textiles, technical textiles, fibres and heavy fabrics.

Home Textiles: Shower curtains, mattress tickings, carpets, textile wall coverings, textiles for upholstery, indoor and outdoor furniture.

Technical Textiles: Tents, sleeping bags, construction textiles, backpacks, sails, shoe linings, wiping cloths.

Heavy Fabrics: Tarpaulins, sun blinds, sunshades, umbrellas, sails, belts, ropes.

Sanitized Inc. disclaims any responsibility for the technical application of our products... (crossed out)

SANITIZED® BRAND TH 27-24

FOR INDUSTRIAL USE ONLY

SANITIZED® is the registered trademark/brandname of Sanitized Inc. for its BACTERIOSTATIC Chemicals.

\*This product is not registered for use as a sanitizer.

ANTIMICROBIAL ADDITIVE FOR TEXTLE FIBRES & MIXTURES THEREOF

ACTIVE INGREDIENT

Zinc 2-pyridinethiol-1-oxide..... 30.37%

INERT INGREDIENTS..... 69.63%

TOTAL.....100.00%

KEEP OUT OF REACH OF CHILDREN

DANGER

See side panel for additional precautionary statements

STATEMENT OF PRACTICAL TREATMENT - FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going to treatment.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first five minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

Note to Physician: Probable mucosal damage may contandicate the use of gasric lavage. Call 860-868-9491 for additional medical advice.

ACCEPTED with COMMENTS in EPA Letter Dated: JUL 20 2010
