Many Outdoor Uses: Each Coil Burns For 5-7 Hours

Mosquito Repellent Coils

Repels Mosquitoes

PIC Mosquito Coils helps repel mosquitoes in confined areas outdoors. It is useful in places where there is little or no breeze such as patios, porches, picnic areas and campsites.
CAUTION: KEEP OUT OF REACH OF CHILDREN AND DOMESTIC ANIMALS

PRECAUTIONARY STATEMENT:
Hazardous to Humans and Domestic Animals - CAUTION
Harmful if Ingested. Avoid prolonged inhalation. Do not touch lit end. Do not place in direct contact with flammable surface. Do not use in restaurants or indoors. Cover all exposed

foods to avoid contamination.
Directions for Use:
It is a violation of Federal Law to use this product in a manner inconsistent with the labeling. Stand serves as holder for the coil. Pull centerpiece to upright position.
Directions for separating coils and use:
Each disc consists of two (2) coils that should be separated. Loosen outer rings until end move freely.

Place coils 6-10 feet apart around area to be protected. For best results do not use in windy areas. Coil burns 5-7 hours in still air. If shorter periods of use are desired, break coil into appropriate length and place in notched cut of holder.

FIRST AID:
IF SWALLOWED: Call a Poison Control Center or Doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the Poison Control Center or Doctor. Do not give anything by mouth to an unconscious person.
IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a Poison Control Center or Doctor for treatment advice.
IF IN EYES: Hold eye open and rinse slowly and gently with water

for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continuing rinsing eye. Call a Poison Control Center or Doctor for treatment advice.
IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice. Have the product container or label with you when calling a Poison Control Center or Doctor or going for treatment.
For Emergency Information on our products call 1-800-255-3924

Grasp each comma shaped portions in the center between thumb and forefinger of each hand. Separate the two comma shaped portions by gently pressing them in opposite directions 1 inch apart. Hold one comma shaped end and shake lightly or gently pry apart to separate the coils. Insert top of coil stand into slot in comma shaped end of coil. Light outer end of coil until glowing. Blow out any flame. Do not touch glowing end.

STORAGE AND DISPOSAL STATEMENT:
Do not contaminate water, food or feed by storage and disposal.
STORAGE: Store in a cool area away from heat, liquid and open flame. Store in an area inaccessible to children and pets.
DISPOSAL: Place any unused portion in trash or Call your local solid waste agency or call 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
