PRECAUTIONARY STATEMENT:

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed or absorbed through skin. Avoid breathing vapors. Avoid contact with skin, eyes and clothing. Do not use in commercial food processing, preparation, and serving or storage areas. In the home all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food. Remove pets, birds and cover fish aquariums before spraying.

PHYSICAL HAZARDS: Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

FIRST AID:

IF SWALLOWED: Call a Poison Control Center or Doctor immediately for treatment advice. Do not give any liquid to the person.

Do not induce vomiting unless told to do so by the Poison Control Center or Doctor.

Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes.

Remove contact lenses, if present, after the first 5 minutes, then continuing rinsing eye.

Call a Poison Control Center for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a Poison Control Center for treatment advice. Have the product container or label with you when calling a Poison Control Center or Doctor or going for treatment.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Shake Before Use...Hold Container Upright...Apply in Short Bursts.
To Kill Flies, Mosquitoes, Small Flying Moths, Gnats and Wasps: Close all doors and windows and direct spray upward into center of room with a slow sweeping motion. Spray 5-10 seconds for average room. Keep room closed for 15 minutes after spraying. Ventilate room thoroughly before re-entry. Sweep up and destroy fallen insects. Before spraying cover exposed food and utensils.
To Kill Cockroaches, Ants and Crickets: Contact as many insects as possible with the spray in addition to thorough spraying of all parts of the room suspected of harboring these pests. Special attention should be paid to cracks, hidden surfaces under sinks, behind stoves and refrigerators, food storage areas wherever these pests are suspected of hiding. To kill ants treat doors, around window frames, ant trails and other areas of entry. Repeat as necessary.
To Kill Carpet Beetles: Directly spray as many insects as possible. Spray both interior and exterior of upholstered furniture. Both top and bottom of rugs and carpets should be sprayed thoroughly. Also treat shelves, closets, areas under furniture and wherever these beetles are seen or suspected. Repeat as necessary.
To Kill Exposed Forms of Confused Flour Beetles, Saw-Toothed Grain Beetles and Rice Weevils: Find and destroy infested packaged goods. Remove all other items from pantry. Spray the shelves to kill any of the named insects present. Place clean paper on the shelves and return packages after shelves have dried. Repeat as necessary.
To Kill Sowbugs, Centipedes, Firebrats and Spiders: Contact as many insects as possible with spray. Also thoroughly spray all parts of the room suspected of harboring these pests. Special attention should be paid to cracks, crevices, hidden surfaces under sinks, behind stoves and refrigerators.
To Kill Fleas and Brown Dog Ticks: Remove and destroy pets old bedding. Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks and local areas of floors. Repeat as necessary. Do not spray animals. Put fresh bedding in pets quarters after spray has dried. Also treat dogs and cats with a registered flea and tick control product before allowing them to enter treated area.

To treat carpets, spray at the rate of one square foot per second. Repeat as necessary.

STORAGE AND DISPOSAL

STORAGE: Store in a cool area away from heat or open flame.

DISPOSAL: Do not reuse empty container. Wrap container and put in trash collection.
