DEC 28 2011

Subject: PIC Liquid Ant Bait Killer, EPA Reg. No. 3095-47
Date of Registration Submission: November 10, 2011
Decision: 455844

Dear Ms. Covert:

The labeling referred to above, submitted in connection with registration under the Federal insecticide, Fungicide, and Rodenticide Act, as amended, is accepted.

Two (2) copies of the finished labeling must be submitted prior to releasing the product for shipment. A stamped copy of the label is enclosed for your records.

If you have any questions regarding this letter, please contact Samantha Hulkower at (703) 603-0683.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark Suarez".

Mark Suarez
Product Manager 13
Insecticide Branch
Registration Division (7505P)

BACK PANEL

PIC LIQUID ANT BAIT KILLER is an effective method for destroying ants and their colonies.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

FIRST AID

IF SWALLOWED: Call a Poison Control Center or Doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the Poison Control Center or Doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a Poison Control Center or Doctor for treatment advice.

Have the product container or label with you when calling a Poison Control Center or Doctor, or going for treatment. [You may also contact 1-800-255-3924 for Emergency Medical Treatment.]

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1. Remove all sources of food such as crumbs, sugar and grease spots.
2. Remove the "bait reservoir" insert from [inside] the box and carefully cut into squares.
3. [Fold up the sides of each square to make reservoir.] Fill reservoir and place where ants were seen, such as edge of sinks, tubs, baseboards, windowsills and doorway entrance (if you do not use this board, take aluminum foil and fold to make reservoir).

- 4. Place bait in areas inaccessible to children and pets.

In approx. 7-10 days the bait will start killing ants in their colonies. It may take up to two months to kill all the Queens in the baited colonies.

HOW THE SYSTEM WORKS: The ants you see are workers food providers to the Queen Mother and the larvae residing in the nest. The worker ants feed the colony and the Queen. Thus, when the Worker ants bring back the bait, the entire colony is destroyed.

STORAGE AND DISPOSAL
 Do not contaminate water, food or feed by storage and disposal.
STORAGE: Store in area inaccessible to children and pets.
PESTICIDE DISPOSAL AND CONTAINER HANDLING: Nonrefillable Container.
 Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.
 Never place unused product down any indoor or outdoor drain.

SATISFACTION GUARANTEED: PIC Corporation guarantees the effectiveness of this product to control ants when the product is used according to directions. If dissatisfied with your purchase, please contact our customer service division at 1-973-678-7300. Please have product and original register receipt available.
