Orange, NJ 07050

Dear Mr. Goldman:

Subject: Amended Product Labeling
PIC Boric Acid Roach Killer Gel
EPA Registration Number 3095-68
Submission Dated April 22, 1996

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below:

1. Revise the Precautionary Statements to read as follows:

**Precautionary Statements
Hazards to Humans and Domestic Animals**

CAUTION. Harmful if swallowed. May cause eye irritation. Avoid eye contact. Wash thoroughly with soap and water after handling.

2. Revise the Statement of Practical Treatment to read, as follows:

IF SWALLOWED: Call a physician or Poison Control Center immediately.

IF IN EYES: Flush eyes with plenty of water. Get medical attention if irritation persists.

3. Based on the changes required above, you may delete the following text from the front panel of the label:

"Harmful if swallowed, may cause eye irritation. Avoid eye contact, wash hands thoroughly after handling."

This language correctly appears below the product name and above the Ingredients Statement.

- 4. Based on the changes required above, you may find it necessary to move the Precautionary Statements and the Statement of Practical Treatment to the back panel of the label. If you decide to move the Precautionary Statements and the Statement of Practical Treatment to the back panel of the label, you must add the following referral statement to the front panel of the label, immediately below the signal word CAUTION:

"See back panel for additional precautionary statements"

- 5. Revise the Directions for Use in Serving Areas to read as follows:

SERVING AREAS: In Dining Rooms, apply into cracks or crevices such as baseboards and floor cracks. Avoid areas likely to be contacted by food.

- 6. Revise the heading "DISPOSAL" to read "STORAGE AND DISPOSAL". Add the following statement to the beginning of the STORAGE AND DISPOSAL STATEMENT:

"Store in a cool, dry place inaccessible to children and pets."

A stamped copy of the label is enclosed for your records. Submit three copies of revised final printed labeling prior to releasing product for shipment.

If you have any questions or comments, please contact me at (703) 305-6788.

Sincerely,

RPK

Richard P. Keigwin, Jr.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

TO CONTROL ROACHES: Domestic use. Apply the gel amply behind and under the following: Stoves, refrigerators, dishwashers, sinks, washing machines, tubs, water pipes, drains, sewers, man holes, electrical conduit, cracks and crevices of baseboards, in corners of cupboards, cabinets and closets. Remove drawers from chests and cabinets, apply freely into corners of drawer wells. Reapply every three months. All visible gel should be packed into cracks and crevices. Remove excess gel and dispose into garbage. Be sure not to apply in areas accessible to children and pets. Avoid contamination of feed and food stuff.

TO CONTROL ROACHES: Crack and Crevice Treatment. In food and feed stuff establishments: application is limited to crack and crevices treatment only in areas where food and feed stuff are received, stored, prepared, packaged (canning-boxing or wrapping) or served: care must be taken to avoid depositing this product on serving surface where food and feed stuff are processed. Use this product only in cracks and crevices in food handling establishments.

SERVING AREAS: In Dining Rooms: apply into cracks or crevices as baseboard, floor cracks. Avoid areas likely to be contacted by food.

NON FOOD AREAS: Apply to crack and crevices and around water pipes in areas such as garbage rooms, locker rooms, mop closets, boiler rooms, and lavatories.

DISPOSAL: Do not reuse container. When empty wrap in newspaper and dispose in trash. Do not contaminate water or food or feed stuff.
