NOV 28 2008

Subject: Notification(s) for Label Revisions under PRN 98-10, and PRN 2007-4 Storage & Disposal and Other Changes

Dear Registrant:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notices (PRN) 98-10, and 2007-4 Storage & Disposal and Other Changes dated June 30, 2008 and November 11, 2008 for:

EPA Registration 3095-68 "PIC Boric Acid Roach Killer Gel"

The Registration Division (RD) has conducted a review of the request(s) for applicability under PRN 98-10, and PRN 2007-4 and finds that the label changes requested fall within the scope of PRN-98-10 and PRN-2007-4. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on <u>non-refillable</u> containers. The code may appear either on the label (and can be added by nonnotification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact me directly at 703-305-6249 or Owen F. Beeder of my staff at 703-308-8899.

Sincerely,

Theresa d. Store

Ms. Sherada Hobgood Document Processing Desk (NOTIF) Office of Pesticide Programs (7504P) U.S. Environmental Protection Agency Room S-4900, One Potomac Yard 2777 South Crystal Drive Arlington, VA 22202-4501

> Subject: PIC Boric Acid Roach Killer Gel EPA Reg. No. 3095-68 Notifications per PR Notice 2007-4

Dear Ms. Hobgood:

As its authorized representative, PIC Corporation wishes to revise the subject label as described below:

- Change the following marketing claim: "Dependable Insect and Rodent Control Products For Over 50 Years" and change it to "Dependable Insect and Rodent Control Since 1953".
- Additional marketing claims.
- Removal of the web-site address throughout the label.
- Updating Container Disposal instructions as described in PR-Notice 2007-4.

This notification is consistent with PR Notice 98-10.

To complete this notification application, enclosed please find:

- Application for Pesticide: Notification (EPA Form 8750-1)
- One copy of the revised labeling dated 6/30/08
- One CD e-label file name 003095-00068.20080630.PICBARoachKillerGel.pdf

I trust that this information will assist the Agency in its efforts to complete this notification. If you have any question in regard to this mater, feel free to contact me at (856) 751-3432 or jacovert@comcast.net.

Sincerely,

Jeanette Covert

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

FIRST AID

IF SWALLOWED: Call a Poison Control Center or Doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the Poison Control Center or Doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or Doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take of contaminated clothing, Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or Doctor for treatment advice.

HOT LINE NUMBER

Have the product container or label with you when calling a Poison Control Center or Doctor, or going for treatment. You may also contact 1-800-255-3924 for emergency medical treatment information.

DIRECTIONS FOR USE

It is a Violation of Federal law to use this product in a manner inconsistent with its labeling.

To Control Roaches- Domestic Use:

Apply the gel amply behind and under the following: Stoves, refrigerators, dishwashers, sinks, washing machines, tubs, water pipes, drains, sewers, manholes, electrical conduits, cracks and crevices of baseboards, in corners of cupboards, cabinets, and closets. Remove drawers from chests and cabinets, apply freely into corners of drawer wells. Reapply every two to three months. Remove excess gel and dispose into garbage. Be sure not to apply in areas accessible to children and pets. Avoid contamination of food and feed.

To Control Roaches- Crack and Crevice Treatment:

In food and feed handling establishments: Application is limited to crack and crevices treatment only in areas where food and feed are received, stored, prepared, packages (canning-boxing or wrapping) or served: care must be taken to avoid depositing this product on serving surfaces where food and feed are processed. Use this product only in cracks and crevices in food and feed handling establishments.

PIC Corporation EPA Reg. No. 3095-68 Notification 2007-4 Page 2 of 5 6/30/08

Serving Areas:

In Dining Rooms, apply into cracks and crevices such as baseboards and floor cracks. Avoid areas likely to be contacted by food.

Non Food Areas:

Apply to cracks and crevices and around water pipes in areas such as garbage rooms, locker rooms, mop closets, boiler rooms, and lavatories.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal. STORAGE: Store in a cool, dry place inaccessible to children and pets. DISPOSAL: Nonrefillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Optional Pictogram for snap together unit: Directions to put injector together

Insert Plunger (A) Into the tube (B). Gently push the plunger into the tube (DO NOT REMOVE the clear "piston" already inside the tube). You will hear a "SNAP". This is the plunger hooking onto the clear piston. Remove the Protective end cap (C), slowly push in the plunger to release gel contents.
