EPA Reg. No. 3125-9

Net Weight: __ Pounds

KEEP OUT OF REACH OF CHILDREN

STOP - READ THE LABEL BEFORE USE

CAUTION

(See Rear Panel for Statements of Practical Treatment and Other Precautionary Statements)

MILES 

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION

May be fatal if swallowed. Harmful if inhaled, or absorbed through the skin. Do not get in eyes, on skin, or on clothing. Do not breathe dust.

Wash thoroughly with soap and warm water after handling. Wash contaminated clothing with soap and hot water before reuse.

If poisoning occurs, obtain prompt medical aid. Prolonged exposure will result in cholinesterase depression.

STATEMENTS OF PRACTICAL TREATMENT

If swallowed, vomiting should be induced. Administer water freely and induce vomiting by giving one dose (1/2 oz or 15 mL) of syrup of ipecac. If vomiting does not occur within 10 to 20 minutes, administer second dose. If syrup of ipecac is not available, induce vomiting by sticking finger down throat. Repeat until vomit fluid is clear. Never give anything by mouth to an unconscious person. Professional medical assistance should be secured immediately. If on skin, wash skin immediately with soap and warm water. If eyes are contaminated, wash with plenty of water for at least 15 minutes. Get medical attention.

If inhaled, remove to fresh air. If not breathing, give artificial respiration, preferably mouth to mouth. Get medical attention.

SYMPTOMS OF POISONING: A sense of "tightness" in the chest. Sweating. Contracted pupils. Stomach pains. Vomiting and diarrhea.

NOTE TO PHYSICIAN: Administer atropine Sulfate in large therapeutic doses. Repeat as necessary to the point of tolerance. 2-PAM is also antidotal and may be administered in conjunction with atropine.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and wildlife and is extremely toxic to aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit.

Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Only for formulation into an insecticide for (1) the following uses:

Terrestrial, non-domestic non-food uses on: ornamental evergreens (including pine), shade trees, woody shrubs and vines, herbaceous plants (including annuals, aster, chrysanthemum, daisy, iris, and nursery stock), lawns, turf, recreational areas (including picnic areas).

Domestic-outdoor uses on: ornamental lawns, domestic dwellings (outdoor).

Indoor uses: Animal buildings and premises (after removal of animals) (including barns, shelters, stables, feedlots, holding pens, manure and garbage dump treatment), domestic dwellings, garbage dumps, latrines, recreational areas (including picnic areas), poultry packing plants, red meat packing plants, commercial, institutional, and industrial areas (inedible product areas), eating

establishments (inedible product areas), food processing, handling and storage plants/areas (inedible product areas).

Terrestrial non-food crops: stock pens (after removal of animals), garbage areas, holding pens, manure and garbage dump treatment.

(2) Uses for which USEPA has accepted the required data and/or citations of data that the formulator has submitted in support of registration; and, (3) uses for experimental purposes that are in compliance with USEPA requirements.

MILES INC. DISCLAIMS ALL LIABILITY BASED ON BREACH OF WARRANTY, NEGLIGENCE, STRICT TORT LIABILITY, OR ANY OTHER THEORY OF LIABILITY FOR CROP DAMAGE OR FAILED EFFICACY RESULTING FROM THE USE OF THIS MILES INC. PRODUCT AS AN INGREDIENT IN ANY FORMULATION WITH A USE NOT SPECIFICALLY LISTED ON THIS LABEL.

Detailed information on chemical and physical properties and other formulating recommendations for DIPTEREX are available upon request from Miles. Obtain and read this information before undertaking the formulation of DIPTEREX in order to avoid formulation hazards and insure a satisfactory finished product.

Labeling for products formulated from this product must conform to that which is currently registered with the U. S. Environmental Protection Agency. For specific information on federally registered uses, contact Miles. Any variance from the federally registered labeling for products containing DIPTEREX will have to be supported by data provided by the formulator.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Do not use container in connection with food, feed, or drinking water. Completely empty container into the processing equipment. Then dispose of empty container in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

Store in a cool, dry place and in such a manner as to prevent cross contamination with other pesticides, fertilizers, food, and feed. Store in original container and out of the reach of children, preferably in a locked storage area.

Handle and open container in a manner as to prevent spillage. If the container is leaking or material spilled for any reason or cause, carefully sweep material into a pile. Refer to Precautionary Statements on label for hazards associated with the handling of this material. Do not walk through spilled material. Dispose of pesticide as directed above. In spill or leak incidents, keep unauthorized people away. You may contact the Miles Emergency Response Team for decontamination procedures or any other assistance that may be necessary. The Miles Kansas City Emergency Response Team Telephone Number is 816-242-2582, or contact Chemtrec at 800-424-9300.
