

DIRECTIONS FOR USE

IMPORTANT Read these entire Directions and Conditions of Sale, including the Warranty and Limitation of Damages provision, before using DEXON 70% Wettable Powder.

CONDITIONS OF SALE These terms and conditions apply to all of experts based on tests of effectiveness conducted in field and laboratory on this and of residues on soil and on treated crops. Normal conditions of use are those stated in the directions. If conditions of use are different from those stated in the directions, the user assumes all risks associated with its use because Chemagro and its agents are not liable for any damage or loss of profit resulting from the use of this product under such conditions. The user understands that the Buyer assumes all risks.

DEXON 70% Wettable Powder Fungicide is recommended as a seed and soil treatment to provide effective control of *Fusarium* and *Pythium* which cause damping off of seedlings. The formulation is ready with water to form a slurry suitable for use in many commercial slurry seed treaters. DEXON 70% Wettable Powder is compatible with other fungicides and insecticides recommended for seed treatment, and may be applied in combination with them. Apply solutions immediately after mixing as exposure to light may result in loss of fungicidal activity.

The formulation wets readily with water to form a suspension of the active ingredient.

RESTRICTIONS

Treated seed must not be used for feed, feed or oil purposes. Do not use on other crops used for feed or forage. Use only according to label directions. Applications at rates above those shown may result in illegal crop residues. Do not treat food crops grown in the greenhouse.

This product is toxic to wildlife. Keep out of lakes, streams or ponds. Treated seeds exposed on soil surfaces may be toxic to birds and other wildlife.

CONTAINER AND WASTE DISPOSAL

Rinse equipment and dispose of waste by burying in non-crop lands away from water supplies. Dispose of container by burying with wastes or by burning, keep out of smoke. Never reuse container.

WARNING

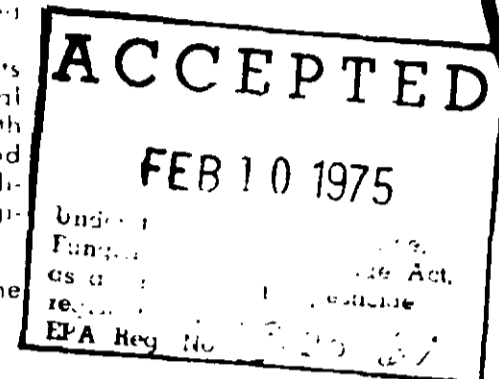

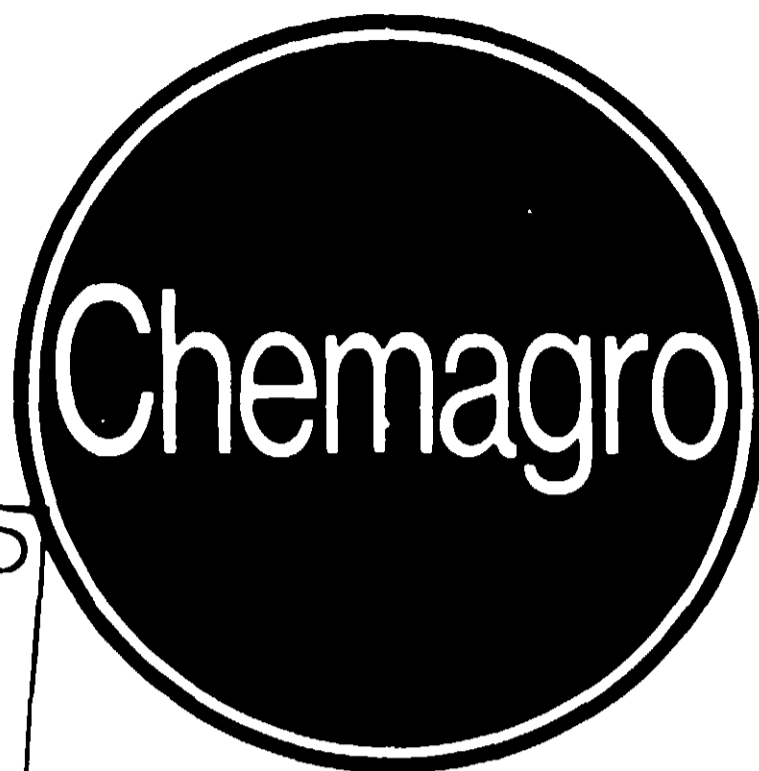

May be poisonous if swallowed or inhaled. Do not get in eyes or on skin. Wear natural rubber gloves, a mask suitable for use against toxic dusts, and goggles when treating soil or loading spreader. Do not breathe dust or spray mist.

Do not contaminate feed or food. Keep out of reach of children. Wash hands, arms, and face thoroughly with soap and warm water after use and before eating or smoking. Wash all contaminated clothing with soap and hot water before reuse.

WARRANTY AND LIMITATION OF DAMAGES

Chemagro warrants that this material conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use and Conditions of Sale, subject to the risk referred to there. CHEMAGRO MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY, INCLUDING ANY OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY, and no agent of Chemagro is authorized to do so except in writing, with a specific reference to this warranty. Any damages arising from a breach of this warranty shall be limited to direct damages and shall not include consequential commercial damages such as loss of profits or values, etc.

DEXON is a Reg. TM. of the Parke-Davis Company, Kalamazoo, Mich. 49001. Trademark of Olin Mathieson Chemical Corporation. 509035-379121

RECOMMENDED APPLICATIONS

CROP	DISEASE	Ounces DEXON 70% W.P.	REMARKS
FIELD CROPS	Seed rot & damping off of seedlings	4	Apply as a slurry to seed at 100 pounds of seed per acre. Use higher rates for seedling damping off. Do not use on soybeans.
	Seed rot & damping off of seedlings	4	Apply as a slurry to seed at 100 pounds of seed per acre. Use higher rates for seedling damping off. Do not use on soybeans.
Grain Sorghum	Seed rot & damping off of seedlings	2	Apply as a slurry to seed at 100 pounds of seed per acre. Use higher rates for seedling damping off. Do not use on soybeans.
Grain Sorghum	Seed rot & damping off of seedlings	2	Apply as a slurry to seed at 100 pounds of seed per acre. Use higher rates for seedling damping off. Do not use on soybeans.
Grain Sorghum	Seed rot & damping off of seedlings	2	Apply as a slurry to seed at 100 pounds of seed per acre. Use higher rates for seedling damping off. Do not use on soybeans.
Grain Sorghum	Seed rot & damping off of seedlings	2	Apply as a slurry to seed at 100 pounds of seed per acre. Use higher rates for seedling damping off. Do not use on soybeans.
Sugar Cane	Root rot	0.075	Mix with 1 gallon of water equivalent to approximately 0.5 ounce per acre and apply to 8 sq. ft. of soil per acre. Make weekly applications from planting to 12 weeks.
VEGETABLES	Seed rot & damping off of seedlings	4	Apply as a slurry to seed at 100 pounds of seed per acre. Use higher rates for seedling damping off. Do not use on soybeans.
Beans, Snap & Lima	Seed rot & damping off of seedlings	4	Apply as a slurry to seed at 100 pounds of seed per acre. Use higher rates for seedling damping off. Do not use on soybeans.
Peas	Seed rot & damping off of seedlings	4	Apply as a slurry to seed at 100 pounds of seed per acre. Use higher rates for seedling damping off. Do not use on soybeans.
Peas	Seed rot & damping off of seedlings	4	Apply as a slurry to seed at 100 pounds of seed per acre. Use higher rates for seedling damping off. Do not use on soybeans.
Spinach	Seed rot & damping off of seedlings	4	Apply as a slurry to seed at 100 pounds of seed per acre. Use higher rates for seedling damping off. Do not use on soybeans.
Cucumbers	Seed rot & damping off of seedlings	3	Apply as a slurry to seed at 100 pounds of seed per acre. Use higher rates for seedling damping off. Do not use on soybeans.
FRUITS	Seed rot & damping off of seedlings	12	SEED PIECE TREATMENT. Mix specified amount with 20 gallons of water for 100 pounds of seed. Apply to soil at time of planting.

Note: To meet U.S. Federal Seed Act requirements, seed treated with DEXON should be labeled "Treated with Sodium 4-(dimethylamino)phenyl diazenesulfonate DEXON."
