DIRECTIONS FOR USE

SCOPE Lawn Chinch Bug Killer and Outdoor Premise Spray is recommended for use on lawns and other outdoor areas around the home where the insects listed below are a problem. It provides quick kill and gives long residual control. Both resistant and non-resistant strains of chinch bugs, cockroaches, and mosquitoes are effectively controlled.

Chinch bugs are very effectively controlled by SCOPE Lawn Chinch Bug Killer. For control of these and the other lawn pests listed below, sprays should be applied during spring and summer months or as recommended by local authorities. When applied as directed, SCOPE Lawn Chinch Bug Killer gives up to 8 weeks control of these lawn pests.

This product mixes readily with water and may be applied with all types of sprayers or with a watering can. For best results, water lawn before applying SCOPE.

**CHINCH BUGS, BILLBUGS, MILLIPEDES, EARWIGS, FLEAS, AND TICKS (Florida Only):**

Garden Hose-end Sprayers: Use the type which requires 20 gallons of water passing through the hose to empty the quart size jar. 1/2 cupful of SCOPE Lawn Chinch Bug Killer in the jar, fill with water, and mix thoroughly. Spray the contents over 500 to 600 square feet of lawn. Repeat as necessary.

Watering Can for Spot Treatment: Mix SCOPE Lawn Chinch Bug Killer with water\* at a rate of 1 tablespoon per gallon. Apply thoroughly to lawn area using 2 gallons of the mixture per 50 to 60 square feet. Repeat as necessary.

**ANTS, COCKROACHES, EARWIGS, MILLIPEDES, AND SPIDERS (Outdoors-No Geographic Limitation):  
FLEAS AND TICKS (Outdoors - Florida Only):**

Compressed Air Sprayer, Watering Can, or Paint Brush: Mix 3/4 cup of SCOPE Lawn Chinch Bug Killer per gallon of water\* and apply as a spray or brush into cracks, crevices, building foundations, and other places outside the home where these insects hide or where they may crawl when they come out of hiding. Apply to the point of run-off. Repeat as necessary. CAUTION: DO NOT TREAT PLANTS (LAWNS, FLOWERING PLANTS, SHRUBS, TREES, ETC.) WITH THIS CONCENTRATION.

**MOSQUITOES (Outdoors):**

Residual Treatment: Mix 3/4 cup of SCOPE Lawn Chinch Bug Killer per gallon of water\* and apply as a coarse spray or by brush to the outside surfaces of buildings, porches, patios, screen doors, window frames, and garages. To obtain thorough coverage, apply to the point of run-off. Repeat as necessary. CAUTION: DO NOT TREAT PLANTS (LAWNS, FLOWERING PLANTS, SHRUBS, TREES, ETC.) WITH THIS CONCENTRATION.

**PUNKIES, SAND FLIES (Culicoides Spp.):**

Add 3/4 cup of SCOPE Lawn Chinch Bug Killer to 1 quart of water and apply with a paint brush to the outside surfaces of window screens or other screened areas. Thorough coverage is necessary for maximum control. Repeat as necessary. CAUTION: DO NOT TREAT PLANTS (LAWNS, FLOWERING PLANTS, SHRUBS, TREES, ETC.) WITH THIS CONCENTRATION.

\*The use of this material in oil will result in crystallization in the spray tank.
