DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

IMPORTANT: Read these entire Directions and Conditions of Sale before using BAYGON Household Insect Spray.

CONDITIONS OF SALE: THE DIRECTIONS ON THIS LABEL WERE DETERMINED THROUGH RESEARCH TO BE THE DIRECTIONS FOR CORRECT USE OF THIS PRODUCT. THIS PRODUCT HAS BEEN TESTED FOR A RANGE OF WEATHER CONDITIONS SIMILAR TO THOSE WEATHER CONDITIONS THAT ARE ORDINARY AND CUSTOMARY IN THE GEOGRAPHIC AREA WHERE THE PRODUCT IS USED. INSUFFICIENT CONTROL OF PESTS AND/OR INJURY TO THE CROP TO WHICH THE PRODUCT IS APPLIED MAY RESULT FROM THE OCCURRENCE OF EXTRAORDINARY OR UNUSUAL WEATHER, OR FROM FAILURE TO FOLLOW LABEL DIRECTIONS. IN ADDITION, FAILURE TO FOLLOW LABEL DIRECTIONS MAY CAUSE INJURY TO OTHER CROPS, ANIMALS, MAN, OR THE ENVIRONMENT. MOBAY OFFERS, AND THE BUYER ACCEPTS AND USES, THIS PRODUCT SUBJECT TO THE CONDITIONS THAT EXTRAORDINARY OR UNUSUAL WEATHER, OR FAILURE TO FOLLOW LABEL DIRECTIONS ARE BEYOND THE CONTROL OF MOBAY AND ARE, THEREFORE, THE RESPONSIBILITY OF THE BUYER.

BAYGON Household Insect Spray is a highly effective formulation which provides rapid kill of such crawling insects as listed below, including those resistant to certain chlorinated hydrocarbon and phosphate insecticides:

Ants	Fleas	Saw-toothed grain beetle (exposed stage)
Brown dog ticks	Flies	Scorpions +
Clover mites	Hornets	Silverfish
Crickets	Millipedes	Sowbugs
Earwigs	Mosquitoes	Spiders
-	Roaches	Wasps

In addition to rapid initial kill, BAYGON Household Insect Spray stays on treated surfaces and kills insects many weeks after the spray deposit has dried.

<u>HOW TO USE</u>: BAYGON Household Insect Spray is ready to use undiluted as it comes from the can, and may be applied with either power-operated or hand sprayers. Apply as a coarse spray to infected surfaces until wet, moving the spray steam rapidly enough to prevent excessive wetting of surfaces and waste of material. Direct spray away from people, plants, and pets.

Indoor Use:

ANTS, COCKROACHES, CRICKETS, SIVERFISH, SPIDERS, SCORPIONS, SAW-TOOTHED GRAIN BEETLES (EXPOSED STAGE), WATERBUGS: Spray into cracks, crevices, around baseboards, and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves, and in and around waste containers. For ants, spray trails and places where ants enter premises. Repeat as needed. Do not spray foodstuffs or house plants. Remove pets and cover fish bowls before spraying. <u>Applications may be made to floor surfaces along</u> <u>baseboards and around air ducts, however, do not treat entire area of floor or floor</u> <u>coverings</u>: Do not allow children to contact treated surfaces until surfaces are <u>tompletely dry</u>.

*BROWN DOG TICKS: Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks, and local areas of floors. Repeat as needed. Fresh bedding should be placed in animal quarters after spraying. Do not spray animals.

Outdoor Use:

ANTS, CLOVER MITES, CRICKETS, EARWIGS, FLEAS, FLIES, HORNETS, MILLIPEDES, MOSQUITOES, SOWBUGS, WASPS, AND BROWN DOG TICKS: Spray infested areas throughly including outside surfaces of screens, doors, window frames, foundations, patios, or other places where insects may enter. For ants, spray runways. For control of wasps and hornets apply after dark when all of the insects have returned to the nest. Repeat as necessary. Do not spray vegetation.

<u>RESTRICTIONS</u>: Do not apply to rugs, carpets, draperies, wallpaper, or similar materials that may be stained. Avoid excessive wetting of plastic, rubber and asphalt surfaces as tiles and floor coverings. Do not allow the small, finger-operated, plastic attachment type sprayer to remain in BAYGON Household Insect Spray solution for extended periods as the plastic sprayer may be damaged.

PRECAUTIONARY STATEMENT

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

May be harmful if swallowed, inhaled, or absorbed through the skin. Avoid breathing of spray mist and provide adequate ventilation of area being treated. Contact with skin, eyes, or clothing should also be avoided. Wash thoroughly after using. Avoid contamination of food, utensils, and food preparation areas.

Do not contaminate feed or food. Keep out of reach of children.

Wash hands, arms and face thoroughly with soap and warm water after handling. Wash contaminated clothing with soap and hot water before reuse.

Remove pets and cover fish aquariums before spraying. Do not allow children or pets to contact treated surfaces until they are dry.

STATEMENTS OF PRACTICAL TREATMENT

In case of poisoning, call a physician immediately. Have patient lie down and keep quiet.

<u>If on skin</u>, wash immediately with soap and warm water. If irritation occurs, get:medical attention. <u>If eves are contaminated</u>, wash with plenty of water. Get medical attention. <u>If inhaled</u>, remove to fresh air. If not breathing, give artificial respiration, or preferably mouth to mouth. Get medical attention. <u>If swallowed</u>: Call a physician or Poison Control Center. Do not induce vomiting. Vomiting may cause an aspiration bazard.

SYMPTOMS OF POISONING: A sense of "tightness" in chest. Sweating. Contracted pupils. Stomach pains. Vomiting and diarrhea.

STATEMENTS OF PRACTICAL TREATMENT (Continued)

NOTE TO PHYSICIAN:

ANTIDOTE - Administer atropine sulfate in therapeutic doses. Repeat as necessary to the point of tolerance.

Compound inhibits cholinesterase resulting in stimulation of the central nervous system, the parasympathetic nervous system and the somatic motor nerves. Do not give morphine. Watch for pulmonary edema which may develop in serious cases of poisoning even after 12 hours. At first sign of pulmonary edema, the patient should be placed in an exygen tent and treated symptomatically.

STORAGE AND DISPOSAL

<u>Pesticide Disposal (Household)</u>: Securely wrap original container in several layers of newspaper and discard in trash.

<u>Container Disposal (Household)</u>: Do not reuse container. Rinse thoroughly before discarding in trash.

<u>Pesticide Disposal (Except Household)</u>: Do not contaminate water, food or feed by storage or disposal.

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal (Except Household): Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

Store in a cool, dry place and in such a manner as to prevent cross contamination with other pesticides, fertilizers, food, and feed. Store in original container and out of the reach of children, preferably in a locked storage area.

Handle and open container in a manner as to prevent spillage. If container is leaking invert to prevent leakage. If the container is leaking or material is spilled for any reason or cause, carefully dam up spilled material to prevent runoff. Refer to Precautionary Statements on label for hazards associated with the handling of this material. Do not walk through spilled material. Absorb spilled material with absorbing type compounds and dispose of as directed for pesticides above. In spill or leak incidents, keep unauthorized people away. You may contact the Mobay Emergency Response Team for decontamination procedures or any other assistance that may be necessary. The Mobay Kansas City Emergency Response Telephone No. is 816-242-2582, or contact Chemtrec at 800-424-9300...
