## Section II - Notification Information

PR Notice 93-1 registrants should make changes in the statement of restricted use classification and submit revised labeling to the Agency via notification. Our current restricted use block reads as follows:

### RESTRICTED USE PESTICIDE

For sale to and use only by a Certified Applicator for uses authorized by his certification, or by persons under his direct supervision.

Since PR Notice 93-1 requires that the restricted use statement should be followed by the reason for the restricted use classification (briefly stated), we contacted Jim Stone of Product Manager Team 22 as requested by Jeff Kempter for the proper wording. Therefore, with the enclosed revised draft labeling, dated 5/28/93 we are revising the restricted use block by adding the statement "DUE TO HIGH ACUTE ORAL, DERMAL AND INHALATION TOXICITY." This block now reads as follows:

### RESTRICTED USE PESTICIDE

DUE TO HIGH ACUTE ORAL, DERMAL AND INHALATION TOXICITY

For sale to and use only by a Certified Applicator for uses authorized by his certification, or by persons under his direct supervision.
