

Baytan® Technical

Fungicide

For use in the manufacture of fungicides.

ACTIVE INGREDIENT:

beta-(4-Chlorophenoxy)-alpha-(1,1-dimethylethyl)-
-1H-1,2,4-triazole-1-ethanol98.3%

INERT INGREDIENTS:1.7%
100.0%

EPA Reg. No. 3125-347

EPA Est. 11678-IS-1

STOP - Read The Label Before Use.

Keep out of reach of children

WARNING

PRECAUTIONARY STATEMENTS

WARNING: May be fatal if inhaled. Harmful if swallowed or absorbed through the skin. Do not breath vapors, or dust. Do not get in eyes, on skin, or on clothing. Do not contaminate feed or food. Wash hands, arms and face thoroughly with soap and warm water after handling. Wash contaminated clothing with soap and hot water before reuse.

STATEMENTS OF PRACTICAL TREATMENT

If swallowed: Administer water freely and induce vomiting by giving one dose (1/2 oz or 15 mL) of syrup of ipecac. If vomiting does not occur within 10 to 20 minutes, administer second dose. If syrup of ipecac is not available, induce vomiting by sticking finger down throat. Repeat until vomit fluid is clear. Never give anything by mouth to an unconscious person. Get medical attention immediately. **If on skin:** Wash skin immediately with soap and warm water. If irritation occurs, get medical attention. **If eyes are contaminated:** Wash with plenty of water for at least 15 minutes. Get medical attention. **If inhaled:** Remove to fresh air. If not breathing, give artificial respiration, preferably mouth to mouth. Get medical attention.

SYMPTOMS OF POISONING: No specific symptoms. Acute poisoning is accompanied by general depression and illness. In case of poisoning, call a physician immediately. Have patient lie down and keep quiet.

Note To Physician: No specific antidote is available. Treat symptomatically.

ENVIRONMENTAL HAZARDS

Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Detailed information on chemical and physical properties and other formulating recommendations for BAYTAN Technical fungicide are available upon request from Bayer. Obtain and read this information before undertaking the formulation of BAYTAN Technical in order to avoid formulation hazards and insure a satisfactory finished product.

Labeling for products formulated from this product must conform to that which is currently registered with the U.S. Environmental Protection Agency. For specific information on federally registered uses, contact Bayer. Any variance from the federally registered labeling for products containing BAYTAN fungicide will have to be supported by data provided by the formulator.

Only for formulation into a fungicide for

(1) the following uses:

Terrestrial Food Crops: Grain and edible seed crops: Wheat, Barley, Oats, Rye, Corn and Sorghum;

(2) uses for which USEPA has accepted the required data and/or citations of data that the formulator has submitted in support of registration; and

(3) uses for experimental purposes that are in compliance with the USEPA requirements.

BAYER DISCLAIMS ALL LIABILITY BASED ON BREACH OF WARRANTY, NEGLIGENCE, STRICT TORT LIABILITY, OR ANY OTHER THEORY OF LIABILITY FOR CROP DAMAGE OR FAILED EFFICACY RESULTING FROM THE USE OF THIS BAYER PRODUCT AS AN INGREDIENT IN ANY FORMULATION WITH A USE NOT SPECIFICALLY LISTED ON THIS LABEL.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry place and in such a manner as to prevent cross contamination with other pesticides, fertilizers, food, and feed. Store in original container and out of the reach of children, preferably in a locked storage area.

Handle and open container in a manner as to prevent spillage. If the container is leaking or material is spilled for any reason or cause, carefully sweep material into a pile. Refer to Precautionary Statements on label for hazards associated with the handling of this material. Do not walk through spilled material. Dispose of pesticide as directed below. In spill or leak incidents, keep unauthorized people away. You may contact the Bayer Emergency Response Team for decontamination procedures or any other assistance that may be necessary. The Bayer Kansas City Emergency Response Telephone Number is 800-414-0244, or contact Chemtrec at 800-425-9300.
