PRECAUTIONARY STATEMENTS.
Hazards to humans and domestic animals.

DANGER.

Caution eye irritation. May be fatal if eaten. Harmful to aquatic life. Do not get on your clothing or on anything that will breathe, eat or spray mist. Do not use in areas where children play. Keep out of reach of children. Wash hands, arms and face thoroughly with soap and warm water after handling. Rinse and wash clothing and anything with soap and hot water before reuse.

Symptoms of poisoning

In case of poisoning, call your doctor immediately. Have him tell you what to do.

Statements of practical treatment

If eyes are contaminated, wash with plenty of water. If you wear contact lenses, remove them. **If swallowed,** drink plenty of water. Do not induce vomiting. **If on skin,** wash with plenty of water. **If inhaled,** move to fresh air.

TO PHYSICIAN - For treatment of poisoning, call your doctor immediately.

Environmental Hazards

This product is extremely toxic to fish and aquatic life. Do not use in areas where fish or other aquatic life are present. Do not use in areas where birds or other animals are present. Do not use in areas where children play. Do not use in areas where people are present.

RESTRICTED USE PESTICIDE

Toxic to Fish and Aquatic Organisms

For retail sale to and use only by Certified Applicators or persons under their direct supervision and only for those pests covered by the Certified Applicator's certification.

009445

BAYTHROID® 2

EMULSIFIABLE PYRETHROID INSECTICIDE

FOR CONTROL OF INSECT PESTS ON COTTON

Not for sale or distribution after March 31, 1990. Not for use after July 31, 1990.

Contains 2 pounds Cyanot(4-fluoro-3-phenoxyphenyl)methyl-3-(2,2-dichloroethoxy)-2,2-dimethylcyclopropane-carboxylate per gallon.

ACTIVE INGREDIENT

Cyanot(4-fluoro-3-phenoxyphenyl)methyl-3-(2,2-dichloroethoxy)-2,2-dimethylcyclopropane-carboxylate 96.5% (96.5% available)

INERT INGREDIENTS

Water 3.5% (3.5% available)

Other Inert Ingredients 0.5% (0.5% available)

EPA EST. 0120-MU-1

STOP Do not use if label is torn or faded.

PELIGRO

PRECAUTIONALALARMARIO: Este producto es venenoso a los peces y a los organismos acuáticos. No debe usarse en aguas que se usen para beber. Evitar el contacto con la piel y la ropa. (Toxic to Fish and Aquatic Organisms.) Do not use in water which is used for drinking. Avoid contact with skin and clothing.

Mobay Corporation

Do not rotate with small grain crops for a period of one (1) year following application of this active ingredient.

REMARKS ON COMMENTS

The authors of the paper, "The Role of the Nurse in the Management of the Patient with a Chronic Disease," have received and read the comments of the readers of the *Journal*. The authors are grateful for the interest and constructive criticism of the readers. The authors are also grateful for the comments of the readers who have suggested that the authors should have included a discussion of the role of the nurse in the management of the patient with a chronic disease. The authors are also grateful for the comments of the readers who have suggested that the authors should have included a discussion of the role of the nurse in the management of the patient with a chronic disease.

It is not clear whether the results of this study are generalizable to other populations. The study was conducted in a single center and the sample was relatively small. The study was also limited by the use of self-reported data, which may be subject to bias. Despite these limitations, the study provides valuable information on the prevalence of depression in the elderly and the impact of social support on mental health.

[illegible]

statements are made in this case. When oral warnings are given, warnings shall be given in a language understood and understood by the worker. One warning shall be given if there is a "first offense" and the worker is not given a second warning if the worker is given a second warning.

Use with caution in patients with known hypersensitivity to any of the ingredients. If eyes are irritated, discontinue use. If irritation persists, consult your physician. If swallowed, do not induce vomiting. For more information, see the accompanying package insert. © 1997, Pharmacia Corporation.

Pesticide Disposal. The following information is provided for the purpose of assisting in the proper disposal of pesticides and related materials.

mixture or residue is a violation of Federal Law if these wastes cannot be disposed of by use according to label instructions. Contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Response Unit at the nearest EPA Field Office for information.

Container Disposal The contractor shall be responsible for the disposal of all containers used in the project. The contractor shall ensure that all containers are properly disposed of in accordance with applicable regulations and are not left on the site or in the vicinity of the project.

...and it was found that if used by state
...by burning it burned
...at ...

There is a well-documented trend from a more generalist to a more specialist diet in the life cycle of many insects. In the case of the grasshopper, *Chorthippus parallelus*, the diet of the nymphs is dominated by grasses, but the diet of the adults is dominated by legumes (Baker 1969). The diet of the grasshopper is also dominated by grasses in the field (Baker 1969). The diet of the grasshopper is also dominated by grasses in the field (Baker 1969).

[illegible]

the 1990s, the number of people in the United States who are 65 years of age or older has increased by 50 percent, and the number of people 75 years of age or older has increased by 100 percent. The number of people 85 years of age or older has increased by 200 percent. The number of people 95 years of age or older has increased by 400 percent.
