<p><b>NOTE:</b> Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.</p>		
<p>On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.</p> <p>A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.</p> <p>Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p>		
<p>1. The registrant shall, within 30 days of the date of this registration, submit to the Administrator for review and approval a copy of the label for the pesticide registered or reregistered hereunder. The label shall be in accordance with the requirements of the Act and the regulations thereunder. The label shall be submitted in duplicate, one copy to be retained by the Administrator and the other copy to be returned to the registrant. The label shall be submitted in the form of a separate sheet, not to be attached to the product label, and shall be submitted in the form of a separate sheet, not to be attached to the product label.</p> <p>2. The registrant shall, within 30 days of the date of this registration, submit to the Administrator for review and approval a copy of the label for the pesticide registered or reregistered hereunder. The label shall be in accordance with the requirements of the Act and the regulations thereunder. The label shall be submitted in duplicate, one copy to be retained by the Administrator and the other copy to be returned to the registrant. The label shall be submitted in the form of a separate sheet, not to be attached to the product label, and shall be submitted in the form of a separate sheet, not to be attached to the product label.</p> <p>3. The registrant shall, within 30 days of the date of this registration, submit to the Administrator for review and approval a copy of the label for the pesticide registered or reregistered hereunder. The label shall be in accordance with the requirements of the Act and the regulations thereunder. The label shall be submitted in duplicate, one copy to be retained by the Administrator and the other copy to be returned to the registrant. The label shall be submitted in the form of a separate sheet, not to be attached to the product label, and shall be submitted in the form of a separate sheet, not to be attached to the product label.</p>

3. Submit five (5) copies of your final printed labeling before your release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

John Tice  
Acting Product Manager (16)  
Insecticide-Rodenticide Branch  
Registration Division (1S-767C)

KEEP OUT OF REACH OF CHILDREN

DANGER

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS

Corrosive. Causes irreversible eye damage. May be fatal if swallowed. Harmful if inhaled or absorbed through skin. Prolonged or frequently repeated skin contact may cause allergic reactions in some people.

Do not get in eyes or on clothing. Avoid breathing dust and avoid contact with skin. Wear goggles, face shield, or safety glasses. Wash thoroughly with soap and water after handling, and before eating, drinking, or using tobacco. Remove contaminated clothing and wash before reuse.

401

## DYLOX 80 Concentrate insecticide

---

### STATEMENTS OF PRACTICAL TREATMENT

If in eyes: Hold eyelids open and flush with plenty of water for 15 minutes. Seek medical attention immediately. If on skin: Remove contaminated clothing. Wash affected areas with plenty of soap and water. Get medical attention if irritation develops and persists. If signs of intoxication (poisoning) occur, get medical attention immediately. If inhaled: First, remove victim to fresh air or uncontaminated area. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention as soon as possible. If swallowed: Call a physician or Poison Control Center. If medical assistance cannot be given immediately, induce vomiting and get to a hospital. To induce vomiting, administer 1 or 2 glasses of water and stick finger down throat. Repeat until vomitus is clear. Or, if available, administer syrup of ipecac (1/2 oz. or 15 ml). If vomiting does not occur within 5 to 10 minutes, administer a second dose of ipecac. Do not attempt to give anything by mouth or induce vomiting in an unconscious or convulsing person.

#### NOTE TO PHYSICIAN:

ANTIDOTE - Administer atropine sulfate in large therapeutic doses. Repeat as necessary to the point of tolerance. 2-PAM is also antidotal and may be administered in conjunction with atropine.

Compound inhibits cholinesterase resulting in stimulation of the central nervous system, autonomic nervous system, and skeletal muscle. Do not give morphine. Watch for pulmonary edema which may develop in serious cases of poisoning even after 24 to 48 hours. At first sign of pulmonary edema, the patient should be placed in an oxygen tent and treated symptomatically.

In case of poisoning, it is also requested that Mobay Corporation, Agricultural Chemicals Division, Kansas City, Missouri, be notified. Telephone 816-242-2000 or 816-242-2582 (week-ends).

### ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and wildlife and is extremely toxic to aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

### STORAGE AND DISPOSAL

Pesticide Disposal: Do not contaminate water, food or feed by storage or disposal.

Pesticide wastes are toxic. Improper disposal of excess pesticide, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Do not use container in connection with food, feed, or drinking water. Completely empty container into the processing equipment. Then dispose of empty container in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

STORAGE AND DISPOSAL (Continued)

Store in a cool, dry place and in such a manner as to prevent cross contamination with other pesticides, fertilizers, food, and feed. Store in original container and out of the reach of children, preferably in a locked storage area.

Handle and open container in a manner as to prevent spillage. If the container is leaking or material spilled for any reason or cause, carefully sweep material into a pile. Refer to Precautionary Statements on label for hazards associated with the handling of this material. Do not walk through spilled material. Dispose of pesticide as directed above. In spill or leak incidents, keep unauthorized people away. You may contact the Mobay Emergency Response Team for decontamination procedures or any other assistance that may be necessary. The Mobay Kansas City Emergency Response Telephone No. is 816-242-2582, or contact Chemtrec at 800-424-9300.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DYLOX 80 Concentrate is intended for formulation into end use products for:

Terrestrial, non-domestic non-food uses on: Lawns, turf, recreational areas

Domestic outdoor uses on: ornamental lawns

Detailed information on chemical and physical properties and other formulating recommendations for DYLOX 80 Concentrate are available upon request from Mobay. Obtain and read this information before undertaking the formulation of DYLOX 80 Concentrate in order to avoid formulation hazards and insure a satisfactory finished product.

Labeling for products formulated from this product must conform to that which is currently registered with the U.S. Environmental Protection Agency. For specific information on federally registered uses, contact Mobay. Any variance from the federally registered labeling for products containing DYLOX will have to be supported by data provided by the formulator.

DYLOX is a Reg. TM of Bayer AG, Germany.
