

U.S. LABEL

Reason to Issue: To propose new product for manufacturing use only; 07/15/94 Draft: Revise Supersedes Pre-Reg Draft Dated: 01/17/92 according to EPA comments. Date of Draft: 07/15/94(Pre-Reg)(T)

FOLICUR TECHNICAL

FOLICUR® TECHNICAL

Fungicide

For use in the manufacture of fungicides.

ACTIVE INGREDIENT:

Tebuconazole, σ -[2-(4-chlorophenyl)-ethyl]- α -(1,1-dimethylethyl)

-1H-1,2,4-triazole-1-ethanol 93%

INERT INGREDIENTS 7%

100%

EPA File Symbol No. 3125-GIG

EPA Est. 3125-MO-1

Net Contents: ___ Pounds

KEEP OUT OF REACH OF CHILDREN

WARNING

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

May be fatal if inhaled. Harmful if swallowed. Causes eye irritation. Do not breath dust and avoid contact with eyes or clothing. Wear a mask or pesticide respirator jointly approved by the Mine Safety and

Health Administration and the National Institute for Occupational Safety and Health. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

STATEMENTS OF PRACTICAL TREATMENT

If eyes are contaminated: Flush eyes with plenty of water. Call a physician if irritation occurs.

Never give anything by mouth to an unconscious person. Get medical attention immediately.

If on skin: Wash skin immediately with soap and warm water. If irritation occurs, get medical attention.

In case of poisoning: Call a physician or Poison Control Center. Have patient lie down and keep quiet.

If inhaled: Remove to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.

NOTE TO PHYSICIAN: No specific antidote is available. Treat symptomatically.

If swallowed: Administer water freely and induce vomiting by giving one dose (1/2 oz or 15 mL) of syrup of ipecac. If vomiting does not occur within 5 to 10 minutes, administer second dose. If syrup of ipecac is not available, induce vomiting by sticking finger down throat. Repeat until vomit fluid is clear.

In case of poisoning, it is also requested that Miles Inc., Agriculture Division, Kansas City, Missouri, be notified. Telephone: (816) 242-2582.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to estuarine invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing

prior to the discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Detailed information on chemical and physical properties and other formulating recommendations for FOLICUR are available upon request from Miles. Obtain and read this information before undertaking the formulation of FOLICUR in order to avoid formulation hazards and insure a satisfactory finished product.

Labeling for products formulated from this product must conform to that which is currently registered with the

U.S. Environmental Protection Agency. For specific information on federally registered uses, contact Miles. Any variance from the federally registered labeling for products containing FOLICUR will have to be supported by data provided by the formulator.

FOLICUR Technical fungicide is intended for formulation into end-use products for:

Terrestrial Food Crops: Peanut

RESTRICTIONS

Do not package FOLICUR Technical in metal containers.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry place and in such a manner as to prevent cross contamination with other pesticides, fertilizers, food, and feed. Store in original container and out of the reach of children, preferably in a locked storage area.

Pesticide Disposal: Pesticide wastes are toxic. Improper disposal of excess pesticide, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Do not use container in connection with food, feed, or drinking water. Completely empty

container into the processing equipment. Then dispose of empty container in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

Handle and open container in a manner as to prevent spillage. If the container is leaking or material spilled for any reason or cause, carefully sweep material into a pile. Refer to Precautionary Statements on label for hazards associated with the handling of this material. Do not walk through spilled material. Dispose of pesticide as directed above. In spill or leak incidents, keep unauthorized people away. You may contact the Miles Emergency Response Team for decontamination procedures or any other assistance that may be necessary. The Miles Kansas City Emergency Response Telephone No. is 816-242-2582, or contact Chemtrec at 800-424-9300.
