PROVADO Solupak 75% Wettable Powder  
EPA Reg. No. 3125-428  
NOTIFICATION - 01/04/96

This notification is being submitted to inform the Agency of one change BAYER Corporation has made to our currently registered product, PROVADO Solupak 75% Wettable Powder (containing the active ingredient imidacloprid). This change, concerning the endangered species language, was previously been approved for other BAYER products containing imidacloprid (ADMIRE 2 Flowable and PROVADO 1.6 Flowable) by Mr. Dennis Edwards (PM 19) on 09/27/95. Accordingly, we are submitting this change (detailed below) for PROVADO Solupak as a notification.

The specific county recommendations for endangered species mitigation have been replaced with a generic referral statement. The endangered species section in the directions for use now reads (additions are highlighted).

**ENDANGERED SPECIES**

**NOTICE:** Under the Endangered Species Act, it is a Federal Offense to use any pesticide in a manner that results in the death of a member of an endangered species.

Consult your local county bulletin, County Extension Agent, or Pesticide State Lead Agency for information concerning endangered species in your area

Five copies of the revised label, dated 01/04/96, are enclosed.

If you have any questions concerning this notification, please contact Ms. Karen Cain (816/242-2838).
