Imidacloprid is the chemical name for Merit® insecticide.

EPA Reg. No. 3125-528

EPA Est. No. XXXX-AA-XX

DIRECTIONS FOR USE		
<p>It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. For best results, be sure to read and follow all label directions.</p>		
<p>Before You Use Read and follow directions when using</p>	<ul style="list-style-type: none"> Do not spray the product into fish pools, ponds, streams, or lakes. Remove animal feeding dishes prior to application. Do not apply to fruits or vegetables used for food. 	
<p>How to Use (Shake Well before using)</p>	<p>This product is ready to spray. Just attach this bottle to your hose according to directions. Water automatically mixes with the concentrate as you spray.</p>	
<p>How to Attach & Spray</p>	<p>1. Connect your garden hose to the bottle. Be sure the (color inserted here) water control valve on top of the spray nozzle is in the OFF position.</p>	(ART)
	<p>2. Turn on water at faucet. Twist the small, star-shaped, (color inserted here) product-control button to align the flat portion with the lock tab. Push the button in to open.</p>	(ART)
	<p>3. To begin spraying, point nozzle toward the area to be treated and turn the (Color) water control valve to the ON position. Tab will be horizontal.</p>	(ART)
	<p>4. To stop spraying, turn the (color) water control valve on top of the spray nozzle to OFF. To close, push in the small round button opposite the star-shaped product-control button. Turn off faucet.</p>	(ART)
<p>Tips for Applying</p>	<p>1. Extend hose to the farthest area to be treated and work back toward the faucet to avoid walking over wet, treated grass.</p>	(ART)
	<p>2. Walk at a steady pace while spraying, using an even sweeping motion, slightly overlapping the treated areas.</p>	(ART)

	<p>Children and pets may re-enter the treated area after the spray has dried.</p>
<p>Continued in next column</p>	

DIRECTIONS FOR USE (Continued)	
<p>Signs of Damage to Lawns</p>	<p>White grubs cause extensive damage to lawns by feeding on grass roots. Grass turns yellow, then brown and dies. Grubs chew off roots so that the grass is easily pulled up in pieces with your hands. You can roll it back like a carpet to reveal the grubs. If patches of dead grass appeared in your lawn late last summer, check for grubs.</p> <p>European Crane Flies often cause damage by feeding on grass roots and disrupting the soil surface.</p> <p>Mole crickets often cause extensive damage by tunneling through lawns. Some species also feed on roots. Tunneling uproots the grass so it easily dries out. Lawns turn yellow, become thin, weedy and can eventually die.</p>
<p>How MERIT Concentrate Insecticide II Works</p>	<p>After MERIT Concentrate Insecticide II is applied, a protective zone is formed in the soil. If applied early, MERIT Concentrate Insecticide II kills grubs when they hatch...before they can cause damage.</p>
<p>For Best Results</p>	<p>Do not wet the foliage within one hour after applying. To avoid serious damage to lawns, eliminate pests early in the season before they multiply.</p> <p>Apply early before grubs, mole crickets and European crane flies hatch. Contact your County Extension Agent for the ideal dates to apply in your area. Avoid applying MERIT Concentrate Insecticide II to waterlogged areas, as this may decrease the product's effectiveness. You may spray this product over soil or mulch. Remove weed barrier before applying.</p>

IMPORTANT: Directions for Storage and Disposal	
<p>Storage Conditions:</p>	<p>Store in original container in a cool, dry place, out of the reach of children, preferably a locked storage cabinet. Protect from freezing.</p>
<p>Disposal:</p>	<p></p> <ul style="list-style-type: none"> Do not reuse empty container. Rinse the empty product container thoroughly and disperse the rinse water on lawn as part of the application. Place container in trash.
<p>Important: It is best to use all of the product in accordance with label directions. If it is necessary to dispose of unused product, please call your local solid waste agency or you may call toll-free 1-877-229-3724 for disposal instructions. Never place unused product down any indoor or outdoor drain.</p>
