	<b>U.S. ENVIRONMENTAL PROTECTION AGENCY</b> Office of Pesticide Programs Registration Division (H7505C) 401 "M" St., S.W. Washington, D.C. 20460	EPA Reg. Number:  3125-564	Date of Issuance:  APR 24 2001
		Term of Issuance: Unconditional	
		Name of Pesticide Product:  Imidacloprid 1.85 RD Insecticide	
<b>NOTICE OF PESTICIDE:</b> <u>  x  </u> Registration <u>    </u> Reregistration  (under FIFRA, as amended)			
Name and Address of Registrant (include ZIP Code):  Bayer Corporation Agriculture Division 8400 Hawthorn Road P O. Box 4913 Kansas City, MO 64120-0013 attn: Julie Spagnoli			
<small>Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.</small>			
<small>On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.</small>  <small>Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</small>  This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5). Once a pesticide is registered, however, it is not regarded as permanently acceptable. Registration does not eliminate the need for continual reassessment of pesticides. If the Agency determines that, at any time, additional data are required to maintain in effect an existing registration, the Agency will require submission of such data under FIFRA section (3)(c)(2)(B).  1. Revise the EPA Registration Number to read, "EPA Reg. No. 3125-564"			
Signature of Approving Official:    Dani Daniel Insecticide-Rodenticide Branch Registration Division (7505C)		Date:  APR 24 2001

**TOTAL** ..... 100.00 %

\*Other ingredients include: Water, foodstuff, glycerine (freezing point depressant), surfactant (keeps the active ingredient uniformly dispersed), thickening agents and preservative.

EPA Reg. No. 3125- \_\_\_\_\_

EPA Est. No. \_AA\_

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For best results, read and follow all label directions.

**BEFORE YOU USE**

Read and follow directions when using.

- Apply only to areas not easily accessible to children and pets.
- Product may discolor or stain fabrics.
- Do not apply in or on electrical equipment due to possibility of shock.

**HOW MUCH TO APPLY**

- **Spot Treatment:** 1 – 2 spots per square yard, each spot ¼" across
- **Crack & Crevice Treatment:** Squeeze small amount into crack or crevice

**HOW TO APPLY**

- Remove cap from tip, touch tip to surface and depress plunger.

**FOR BEST RESULTS**

- Numerous, smaller bait placements will provide faster and more effective control than fewer larger placements.
- Clean infested areas before applying bait. Remove or repair possible food and water sources.
- If bait is completely eaten, reapply more to the same site since additional roaches will be attracted by the secretions and droppings left by the earlier cockroaches.
- Do not apply roach baits to areas recently sprayed with insecticides and do not spray insecticides over these baits. The spray insecticides may repel roaches from the baited areas.

**HOW IMIDACLOPRID 1.85 RB INSECTICIDE WORKS**

This bait was specially formulated to be both a food and water source with extra long (2 year) attractiveness. It contains a low level of insecticide which cockroaches cannot detect. They eat the bait and share it, thus killing even more cockroaches!

**IMPORTANT: Directions for Storage and Disposal**

**Storage Conditions:**

Store in original container in a cool, dry place, out of the reach of children, preferably in a locked storage cabinet. Protect from freezing

**Disposal:**

- Do not reuse empty container.
- Place empty container in trash.

**Important:** It is best to use all of the product in accordance with label directions. If it is necessary to dispose of unused product, please follow any applicable state and local guidelines.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS
<b>CAUTION</b> <ul style="list-style-type: none"> <li>• Causes moderate eye irritation</li> <li>• Avoid contact with eyes or clothing.</li> <li>• Washing hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco will reduce exposure.</li> </ul>

FIRST AID
