## Section II - Explanation

Bayer Corporation is submitting a **Notification** to add ant identification cards to the Tempo® 1% Professional Dust Insecticide package as a part of a promotion. This proposal was discussed with Amy Breedlove, and she agreed that this could be done under a notification. The ants represented on the cards are ants that the product can be used to control. The ant cards are contained in a neck hanger that hangs on the bottle.

Enclosed is one copy of the proposed ant cards.

This notification is consistent with the provision of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

**NOTIFICATION**
