
	U.S. ENVIRONMENTAL PROTECTION AGENCY Office of Pesticide Programs Registration Division (H7505C) 401 "M" St., S.W. Washington, D.C. 20460	EPA Reg. Number: 3125-593	Date of Issuance: JAN 13 2003
		Term of Issuance: Conditional	
		Name of Pesticide Product: Imidacloprid 0.15% Granular Insecticide	
NOTICE OF PESTICIDE: <u> x </u> Registration <u> </u> Reregistration (under FIFRA, as amended)			
Name and Address of Registrant (include ZIP Code): Bayer Corporation, Agriculture Division 8400 Hawthorn Road P.O. Box 4913 Kansas City, MO 64120-0013 attn: Julie M. Spagnoli			
Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.			
On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others. This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A). Once a pesticide is registered, however, it is not regarded as permanently acceptable. Registration does not eliminate the need for continual reassessment of pesticides. If the Agency determines that, at any time, additional data are required to maintain in effect an existing registration, the Agency will require submission of such data under FIFRA section (3)(c)(2)(B). 1. Revise the EPA Registration Number to read, "EPA Reg. No. 3125-593"			
Signature of Approving Official:  Dani Daniel Insecticide-Rodenticide Branch Registration Division (7505C)		Date: JAN 13 2003

PRODUCT FACTS

What it Does: Kills grubs and mole crickets.

How It Works: Absorbed by grass roots providing insect protection from the inside out.

Where to Use: Outdoors on lawns, in flowerbeds and ground covers and around trees and shrubs.

When to Use: Apply one time anytime from mid-May to mid-August. For mole crickets apply mid-May to mid-June. In Florida, apply from early April through early May.

STOP. READ ENTIRE LABEL BEFORE USE.

CONTROLS: White Grubs or Mole Crickets

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

< Optional Person & Pet Icon > Children and pets may re-enter after the treated area has been watered and allowed to dry.

Three Easy Steps to Use this Product

White Grubs – this product can be applied anytime from May through mid-August.

Mole Crickets – apply from mid-May through mid-June. In Florida, apply from early April through early May.

Step #1: Determine size of the job, measure the area to be treated.

Step #2 Use Spreader Settings chart to determine appropriate setting for your spreader.

Step #3: Treat as directed. Thorough coverage is important. Water in granules within 24 hours of application.

NOTE:

- Do not apply when ground is waterlogged. The product may not work effectively under these conditions.
- Do not use in vegetable gardens.
- Do not mow lawn until product has been watered-in to avoid disturbing the uniformity of the granules.
- Do not apply more than once per year.

SPREADER SETTINGS

Spreader Make and Model	Grubs	Mole Crickets
	3 pounds/1000 square feet	5 pounds/1000 square feet
(Spreader settings to be determined)		
Note: The spreader settings listed above are approximate. Accurately weigh a few pounds into your spreader and apply to a measured area. Then adjust spreader setting if necessary, in order to assure correct rate of application.		

STORAGE AND DISPOSAL

Storage: Store in original container in a cool, dry place, out of the reach of children, preferably a locked storage cabinet.

Disposal: Do not reuse empty bag. Place in trash.

Important: It is best to use all of the product in accordance with label directions. If it is necessary to dispose of unused product, please call your local solid waste agency or you may call toll-free 1-877-229-3724 for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION – Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Removing and washing contaminated clothing before reuse may reduce exposure. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco.

FIRST AID

If swallowed: Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person.

If in eye: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor. Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.
