Imidacloprid 0.15% Granular Insecticide EPA Reg. No. 3125-593 January 27, 2003

# Section II - Explanation

Bayer Environmental Science is submitting a **Notification** to add the following claims to the label for the above-mentioned product. "One application kills grubs for an entire season", "Also kills mole crickets", "Apply anytime – spring through late summer", and "Full season control."

These claims are simply reworded versions of claims that are already present on the approved label.

This notification is consistent with the provision of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

NOTIFICATION FEB 0 6 2003

## **PRODUCT FACTS**

What it Does: Kills grubs and mole crickets.

How It Works: Absorbed by grass roots providing

insect protection from the inside out.

Where to Use: Outdoors on lawns, in flowerbeds and ground covers and around trees and shrubs.

When to Use: Apply one time anytime from mid-May to mid-August. For mole crickets apply mid-May to mid-June. In Florida, apply from early April through early May.

## STOP. READ ENTIRE LABEL BEFORE USE.

**CONTROLS:** White Grubs or Mole Crickets

### **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

< Optional Person & Pet Icon > Children and pets may re-enter after the treated area has been watered and allowed to dry.

# Three Easy Steps to Use this Product

White Grubs – this product can be applied anytime from May through mid-August.

**Mole Crickets** – apply from mid-May through mid-June. In Florida, apply from early April through early May.

Step #1: Determine size of the job, measure the area to be treated.

Step #2 Use Spreader Settings chart to determine appropriate setting for your spreader.

Step #3: Treat as directed. Thorough coverage is important. Water in granules within 24 hours of application.

#### NOTE:

- Do not apply when ground is waterlogged. The product may not work effectively under these conditions.
- Do not use in vegetable gardens.
- Do not mow lawn until product has been wateredin to avoid disturbing the uniformity of the granules.
- Do not apply more than once per year.

SPREADER SETTINGS			
Spreader Make and Model	Grubs	Mole Crickets	
	3 pounds/1000 square feet	5 pounds/1000 square feet	
(Spreader s	ettings to be dete	rmined)	

Note: The spreader settings listed above are approximate. Accurately weigh a few pounds into your spreader and apply to a measured area. Then adjust spreader setting if necessary, in order to assure correct rate of application.

#### STORAGE AND DISPOSAL

**Storage**: Store in original container in a cool, dry place, out of the reach of children, preferably a locked storage cabinet.

Disposal: Do not reuse empty bag. Place in trash.

Important: It is best to use all of the product in accordance with label directions. If it is necessary to dispose of unused product, please call your local solid waste agency or you may call toll-free 1-877-229-3724 for disposal instructions. Never place unused product down any indoor or outdoor drain.
