

ACCEPTED

DIRECTIONS FOR USE:

GENERAL: Spray surfaces to wetting. Point spray away from people, plants and pets.

INDOOR USE: BROWN DOG TICKS: Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks and local areas of floors. Repeat as needed. Fresh bedding should be placed in animal quarters after spraying. Do not spray on animals.

OUTDOOR USE: FLEAS AND BROWN DOG TICKS: Spray infested areas thoroughly, including outside surfaces of screens, doors, window frames, foundations, patios, or other places where insects may enter. Repeat as necessary. Do not spray on vegetation.

CAUTION: Keep out of reach of children. May be harmful if swallowed, inhaled, or absorbed through the skin. Avoid breathing of spray mist, and provide adequate ventilation of area being treated. Contact with skin, eyes, or clothing should also be avoided. Wash thoroughly with soap and warm water after handling. Remove pets, and cover fish bowls before spraying. Should poisoning occur, get prompt medical aid.

TO PHYSICIAN: Atropine Sulfate is the antidote.
