Dear Ms. Cunningham:

Subject: Eye Irritation Study and General Revision of Label  
Sect-a-Cide  
EPA Registration No. 3134-29  
Your Application Dated May 5, 1983

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

The submitted eye irritation study is acceptable. The study confirms that this product is in Toxicity Category III by this exposure route.

The following changes should be incorporated onto your labeling at your next printing.

- a. The child hazard warning "Keep Out of Reach of Children" should be placed above the signal word "WARNING."
- b. Revise your Storage and Disposal directions to read:

Storage: Store in a cool, dry place, preferably in a locked storage area.

Pesticide Disposal: Partially filled can may be disposed of by securely wrapping original container in several layers of newspaper and discard in trash.

Container Disposal: Replace cap and discard containers in trash. Do not incinerate or puncture.

Sincerely yours,

Jay S. Ellenberger
