INERT INGREDIENTS*	99.820%
Total Ingredients	100.000%

*Formulation Contains Sodium Nitrite.

KEEP OUT OF REACH OF CHILDREN

CAUTION: See side panel for additional precautionary statement.

Density
0.935

Spray Cleaner is a potent germicidal spray with high bactericidal action against most kinds of pathogenic bacteria.

Germicides containing a Quaternary Ammonium derivative should not be relied on to destroy spore bearing organisms, Mycobacterium tuberculosis, or the etiologic agent of viral hepatitis.

Precautionary Statement

Hazard to Humans and Domestic Animals.

CAUTION

Keep Out of Reach of Children. Avoid contact with eyes ... flush freely with water.

Directions for use

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Hold container approximately 8 to 10 inches away from surface to be sprayed and activate by downward pressure on actuator button. Make sure that spray wets surfaces thoroughly.

For preliminary cleaning of hard, inanimate surfaces, the initial foamy deposit can be then wiped off with a clean cloth. For disinfecting, after the cleaning step above, let spray application air dry (do not wipe dry) for 10 minutes.

Cetylite Spray Cleaner dissolves blood, loosens debris, dries quickly, and is non-staining.

For use on handpieces, instruments, air syringes, environmental surfaces, eyeglasses, fine optics, and professional mirrors.

Storage and Disposal

Contents under pressure. Do not puncture or incinerate container. Store in a cool place, not over 125° Fahrenheit. Do not reuse empty container. Wrap container and put in trash collection.
