

**AERO-MASTER  
FOGGING INSECTICIDE  
DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Compounded especially for use in the AERO-MASTER fogging machine and also suitable for use in hand sprayers.

Recommended for food processing plants, dairies, supermarkets, restaurants, clothing stores, warehouses, hospitals and schools. In hospitals, patients should be removed from rooms prior to treatment. Rooms should be ventilated for two hours after spraying. Do not return patients to rooms until after ventilation.

Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned with an effective cleaning compound and rinsed with potable water before reuse. When using this product in these areas, apply only when the facility is not in operation.

Avoid exposure to the fog. If applicator is directly exposed to the fog, he should wear a dust/mist filtering respirator (MSHA/NIOSH approval number TC-21C). Do not remain in enclosed treated areas. Ventilate the area after treatment is completed.

Remove pets, fish and birds from areas to be treated.

For best results close all openings and turn off air conditioning and ventilating systems. Gas flames, pilot lights and other sources of open flames should be extinguished. After dispenser has finished operation, allow fog to completely settle before opening area.

FLIES, MOSQUITOES, GNATS AND FLYING MOTHS are killed almost immediately upon contact. Thoroughly fog area at the rate of 1 oz. per 1,000 cubic feet, and for maximum control keep area closed until fog has completely settled.

COCKROACHES, SILVERFISH AND GRANARY WEEVIL in warehouses, mills and stores can be killed only on direct contact in their exposed stages. Using a hand sprayer, spray thoroughly into cracks, crevices and other places where insects may be harboring in order to contact as many as possible. Follow with a complete fogging of the area at the rate of 2 oz. per 1,000 cu. ft. Repeat application as necessary.

**PRECAUTIONARY STATEMENTS  
CAUTION**

**Hazards to Humans and Domestic Animals**

Harmful if swallowed, inhaled, or absorbed through the skin. Avoid breathing vapors. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

**Statement of Practical Treatment**

- IF SWALLOWED: Call a doctor or get medical attention. Do not induce vomiting. Do not give anything by mouth to an unconscious person. Avoid alcohol.
- IF INHALED: Remove victim to fresh air. If not breathing, give artificial respiration, preferable mouth-to-mouth. Get medical attention.
- IF ON SKIN: Wash with plenty of soap and water. Get medical attention if irritation persists.
- IF IN EYES: Flush eyes with plenty of water. Call a physician if irritation persists.

**STORAGE AND DISPOSAL**

- Do not contaminate water, food, or feed by storage or disposal.
- STORAGE: Store in a cool, dry place. Keep container closed.
- PESTICIDE DISPOSAL: Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.
- CONTAINER DISPOSAL: Metal (non-aerosol): Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
- PLASTIC: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
