Mr. Allan A. Schultz
Vita Plus Corporation
P.O. Box 9126
Madison, WI 53715-0126

Dear Mr. Schultz:

Subject: Tetrachlorvinphos Registration Standard
Vita Plus Grist-N-Rich Rabon
EPA Registration No. 3213-32
Your Submission Dated October 25, 1989

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable provided that you make the labeling changes listed before you release the product for shipment bearing the amended labeling.

1. Under Hazards to Humans delete "...for 15 minutes."
2. Add a street address or P.O. Box to the label address.

Please submit a current Confidential Statement of Formula (CSF) to update our files.

Submit five copies of your final printed labeling before you release the product for shipment.

A stamped copy of the labeling is enclosed for your records.

Sincerely,

George T. LaRocca
Product Manager 15
Insecticide-Rodenticide Branch
Registration Division (H7505C)

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 3213-32

ACCEPTED with COMMENTS in EPA Letter Dated:

MAY 14 1971

Harmful if swallowed. Avoid contact with skin and eyes. Avoid contact with water after handling and before eating or smoking. If irritation persists, get medical attention. Wear long-sleeved shoes and socks for protection when handling.

ENVIRONMENTAL

This product is toxic to fish. Do not contaminate water with

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with the label. Feed 4 ounces of Grist-N-Rich/Rabon® per each 1200 pounds of treated average daily intake of 70 mg Rabon Oral Larvicide per pound of feed. See the following table as a guide to determine the proper mixing rate when used in conjunction with other fly control measures.

Cattle Weight (Lbs)	Pounds of concentrate		
	5	10	15
	Pounds of Grist-N-Rich/Rabon		
400	33	16	12
800	67	33	22
1,200	98	50	33
1,400	117	58	40

Grist-N-Rich/Rabon® may be fed up to slaughter and to lairage. Grist-N-Rich/Rabon® prevents the development of horn flies, house flies, and stable flies on treated cattle but is not effective against existing adult flies. In season, it may be necessary to use other control measures to achieve optimum fly control. In conjunction with other fly control measures, management and sanitation practices.

KEEP OUT OF REACH OF CHILDREN

CAUTION

See reverse of tag for additional precautionary statements.
