

PAX CRABGRASS & SPURGE PREVENTER WITH DACTHAL 11-2-2

5/31/84

(FRONT OF BAG)

CONTAINS
DACTHAL

(ART-PAX SIG)

CRABGRASS AND
SPURGE PREVENTER
PLUS FERTILIZER

Prevents hairy and
smooth crabgrass

Prevents green and
yellow foxtail

Prevents prostrate and
potted spurge

Provides a lawn feeding

ACTIVE INGREDIENTS

Dimethyl tetrachloroterephthalate*	3.280%
INERT INGREDIENTS	96.720%
Total	100.000%

*Used as a pre-emergent herbicide, patented under U.S. Patent No. 2,932,634.

E.P.A. Reg. No. 3234-28

E.P.A. Est. No. 3234-UT-01

GUARANTEED FERTILIZER ANALYSIS

Total Nitrogen (N)	11.0%
1.3% ammoniacal nitrogen	
9.7% urea nitrogen	
available phosphoric acid (P ₂ O ₅)	2.0%
Soluble potash (K ₂ O)	2.0%

From ammonium phosphate, urea, and muriate of potash. Potential acidity equivalent to 500 lbs. of calcium carbonate per ton.

KEEP OUT OF REACH OF CHILDREN

CAUTION:

STATEMENT OF PRACTICAL TREATMENT

In case of contact, wash skin with plenty of soap and water. For eyes, flush with water for 15 minutes and get medical attention.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION

Avoid contact with skin, eyes, or clothing. Avoid breathing dust. Wash thoroughly after handling.

STATEMENT OF PRACTICAL TREATMENT

In case of contact, wash skin with soap and water; for eyes, flush with water for 15 minutes and get medical attention.

ENVIRONMENTAL HAZARDS

Do not apply directly to water. Do not apply when weather conditions favor drift from target area. Do not contaminate water by cleaning of equipment or disposal of wastes.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

CAUTION: May injure fine bladed fescues and bentgrass. DO NOT USE ON DICHONDRA.

WHEN TO APPLY

Pax Crabgrass and Spurge Preventer is a pre-emergence control. It must be applied prior to crabgrass seed germination. The two-way action of ammoniacal and urea nitrogen give your lawn the early feeding it needs.

HOW TO APPLY FOR A BETTER LAWN

Determine sq. ft. area to be covered (for example 40 X 50 ft.). One 14 lb. bag of Pax Crabgrass & Spurge Preventer covers 2,000 sq. ft. The product will not burn when applied at recommended rate. Set spreader as recommended below. Fill spreader where spilled material will not fall on lawn. Shake spreader to settle material. Make application in two crisscross coverages. Spreader settings below are for crisscross application. Immediately after application, wash off the foliage with a medium spray from a hand-held nozzle. Do not water lawn for 12 hours after washing in, then resume normal watering practice.

SPREADER SETTINGS

MAKE & MODEL	SETTING	MAKE & MODEL	SETTING
	7	Central	7
	7	Scott	6
	7	Modern	3
Mini	7	Jackson	16

TIPS: The above settings are for crisscross application. If your spreader is included above, set spreader opening at lowest setting which gives even flow, usually about 1/3 open. Then spread in one direction and the crisscross. Continue until proper amount is applied. Broadcast spreaders are not recommended.

BEST DOCUMENT AVAILABLE

WEEDS CONTROLLED

Annual Bluegrass

Baryardgrass

Carpet Weed

Common Chickweed

Crabgrass (Hairy, Smooth)

Dodder

Florida Pussley

Foxtail (Green, Yellow)

Redstem Filaree

Spotted Spurge

Spiny Pigweed

Stinkgrass

Texas Millet

Witch Grass

SEEDING If spring seeding is desired apply seed as early as possible. Wait until new grass has been mowed twice before applying. After an application of this product, wait 60 days before reseeding.

MOWING After application do not mow lawn for 24 hours.

RAKING Complete any planned raking or digging of the lawn before applying. Disturbing the soil surface after application may lessen the effectiveness of the product.

STORAGE AND DISPOSAL

Keep away from foods, feedstuffs, and domestic water supplies. Keep bag closed. Do not reuse empty bag. Wrap empty bag and put in a trash container.

NOTICES

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
