

APR 20 1988

Ms. Betty Anderson
Pax Company
580 West 13th South
Salt Lake City, UT 84115

Dear Ms. Anderson:

Subject: Label Update
Ag-West Moss Killer Plus Lawn Food
EPA Registration No. 3234-44
Your Submission Dated March 31, 1988
EPA Received Date April 13, 1988

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

As labels are printed:

1. Delete "Gives pre and post emergence control of lawn moss." This appears inappropriate for this type of product. We would reconsider if you can demonstrate that applications provide residual control preventing moss growth and development.
2. We note that you have deleted the references to phosphoric acid and potash under the fertilizer analysis. It is understood that this is consistent with pertinent regulations for fertilizers.

Sincerely yours,

Richard F. Mountfort *RFM*
Product Manager (23)
Fungicide-Herbicide Branch
Registration Division (TS-767C)

KEEP OUT OF REACH OF CHILDREN

CAUTION

STATEMENT OF PRACTICAL TREATMENT

In case of contact, wash skin with plenty of soap and water; for eyes, flush with water for 15 minutes and get medical attention.

(See back panel for additional precautionary statements)

THIS PRODUCT CONTAINS IRON and can stain masonry and clothing. Sweep or brush off immediately if spilled. Do not wash off with water as this may discolor concrete.

TREATS 3,000 SQ. FT.

✓
NET WT. 25 LBS.

(back of the bag)

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS**

CAUTION

Harmful if swallowed. Do not inhale dust. Do not allow contact with skin eyes or clothing. Wash thoroughly after handling.

ENVIRONMENTAL HAZARDS

Do not apply directly to water or wetlands. Do not apply when weather conditions favor drift from target area. Do not contaminate water by cleaning of equipment or disposal of wastes.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

GUARANTEED FERTILIZER ANALYSIS

Total Nitrogen (N).....	12.0%
12.0% ammoniacal nitrogen	
Sulfur (S).....	18.0%
Iron (Fe).....	10.0%
Derived from ammonium sulfate, iron sulfate and vermiculite.	

USE ANY TIME OF YEAR (even when moss is not present). This product is an excellent lawn fertilizer to apply **SPRING, SUMMER and FALL**. The extra water-soluble iron supplied by ferrous sulfate helps turn your lawn a beautiful deep green in just 2 to 3 days.

BEST AVAILABLE COPY

HOW TO USE:

1. Rake lawn lightly to remove leaves, dead grass and other debris.
2. Mow lawn to expose moss and to allow fertilizer to enter the soil readily.
3. Apply uniformly at the recommended rate using a lawn spreader. (1 lb. covers an area 10' x 12'.) Contents of the bag covers 3000 sq. ft.
4. Water thoroughly immediately after application to wash fertilizer particles off grass and down to soil.
5. Sweep off sidewalks, driveways and painted surfaces as ferrous sulfate may stain concrete.

SUGGESTED SPREADER SETTINGS

<u>SPREADER</u>	<u>*APPROXIMATE SETTING</u>
Central	5
Cyclone	5
Lawn Beauty	6
Scott's	5 1/2

*May vary with age, model and condition of spreader. Check your spreader over a known area.

STORAGE AND DISPOSAL

STORAGE: Store in original container and keep any bags containing unused product in a locked storage area inaccessible to children and domestic animals. Do not store near food or feedstuffs. To prevent cross-contamination, do not store near other fertilizers, or near herbicides, insecticides, fungicides or seeds. Store in a dry place.

PRODUCT DISPOSAL: To dispose of bags which contain unused product, securely wrap bag in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse empty bag. Fold empty bag and discard in trash.
