Garland C. Corey
The d-Con Company, Inc.
225 Summit Avenue
Montvale, NJ 07645

Dear Mr. Corey:

Subject: Amendment - Label Update and Change in Formula
d-Con Warpath
EPA Registration No. 3282-18
Your Application Dated December 31, 1984, and March 19, 1985

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

Make the labeling changes listed below before you release the product for shipment.

- 1) Relocate "Exposed food should be removed, etc." under Statement of Practical Treatment to Directions for Use.
- 2) Change STORAGE: to read "STORAGE: Store container in area inaccessible to children."

The amended formulation referred to above is acceptable and has been made part of the record for this product.

Sincerely yours,

George T. LaRocca
Product Manager (15)
Insecticide-Rodenticide Branch
Registration Division (TS-767C)

d-CON. warpath.

kills roaches fast...and when left undisturbed kills roaches up to 7 months.

Warpath combines Pyrethrin and Silica Gel in an exclusive formula that kills roaches — even resistant roaches. Sprays wet to kill fast on contact. Dries to a powder that keeps on killing roaches for up to 7 months, when left undisturbed.

DIRECTIONS: SHAKE WELL BEFORE USING
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Spray liberally into dark, out-of-the-way places where roaches hide and nest. Around pipes and heat ducts. Under sinks, inside cabinets, in storage areas.

If residue is disturbed, repeat applications. Hold can about 10 to 12 inches from area to be sprayed to insure liberal wetting and greater amount of roach-killing powder when it dries.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING: Causes eye irritation. Do not get in eyes. May cause skin irritation. Avoid inhalation of spray mist.

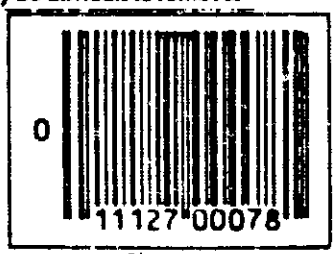

STATEMENT OF PRACTICAL TREATMENT: If in eyes, flush with water and get medical attention. For skin, wash thoroughly with soap and water. Exposed food should be removed or covered during treatment. Avoid contamination of cooking utensils and food processing surfaces.

PHYSICAL AND CHEMICAL HAZARDS

CAUTION: Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not use on plastic materials (tile) or similar composition material. Avoid use on exposed surfaces (i.e. wood paneling) that are not smooth as spray may penetrate grooves and dry into a powder that may be difficult to remove.

DISPOSAL

Do not re-use empty container. Wrap container and put in trash collection
