d-CON flying insect killer

With Bio-Allethrin
Shoots insects down

NEW CHILD-GUARDIAN CAP
Keep out of the reach of children. As an extra measure of protection, this Child-Guardian Cap helps prevent activation by children age 4 and under. To activate, just press button as you would any aerosol - nothing to turn or twist.

d-CON Flying Insect Killer is formulated with special Bio-Allethrin - for fast knockdown fast killing power. Bio-Allethrin gives d-CON Flying Insect Killer that special punch.

DIRECTIONS FOR HOUSEHOLD USE ONLY:

Shake Before Using

Hold container upright. Point spray opening away from face. To kill flies, mosquitoes, small flying moths, gnats, wasps, close all doors and windows. Remove pets, birds and cover fish aquariums before spraying. Spray up into air with a sweeping motion. Keep spray container about 3 feet from walls, fabrics, furniture. When room is filled with mist, keep room closed for 15 minutes. Do not remain in treated areas. Ventilate the area after treatment is completed. Mist kills flying insects; direct spraying is not needed.

WARNING: Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130 F may cause bursting. Never throw container into fire or incinerator. Keep out of reach of children. Cover food.

ACTIVE INGREDIENTS: d-trans Allethrin (Allyl homolog of Cinerin 1), 0.20%; Piperonyl butoxide, technical* 0.90%; N-octyl bicycloheptene dicarboximide, 0.50%.

INERT INGREDIENTS: 98.40%.

*Equivalent to 0.72% (butylcarbitol) (6-propylpiperonyl) ether and 0.18% related compounds.
