Automatic Room Fogger

Kills 17 kinds of bugs.

No regular spray works the way four/gone does. Automatically fills a whole area with effective, bug-killing fog.

four/gone kills insects as they fly or crawl around such out of the way places as high open areas, cathedral ceilings, attics, basements, as well as rooms.

Aids in control of cockroaches and waterbugs. Kills small flying moths, mosquitoes, yellowjackets, ants, ticks, earwigs, spiders, hornets, houseflies, gnats, bees, wasps, silverfish and crickets.

For flea control: One unit should be used for every 3,000 cu. ft. area (15' x 20' with 10' ceiling).

To kill ticks and fleas: also destroy old pet bedding and replace. Treat dogs and cats with registered tick or flea product prior to re-entry.

USE FOUR/GONE IN ANY OF THESE AREAS:

. ROOMS . APARTMENTS . HOMES . ATTICS . BASEMENTS .
. CAMPERS . BOATS . GARAGES . CABINS . PET SLEEPING
. AREAS . HOUSEHOLD STORAGE AREAS . GROUND LEVEL CRAWL
SPACES
