

d-CON Warpath.
kills roaches fast ... and when left undisturbed kills roaches up to 7 months.

Warpath combines d-trans Allethrin and Silica Gel in an exclusive formula that kills roaches—even resistant roaches. Sprays on wet, then dries to a powder that keeps on killing roaches for up to 7 months, when left undisturbed.

DIRECTIONS FOR USE: SHAKE WELL BEFORE USING: This is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Spray liberally into dark out of the way places where roaches hide and nest. Behind and under refrigerator, stove, radiators. Around pipes and heat ducts. Under sinks, inside cabinets, in storage areas. If residue is disturbed, repeat applications. Hold can about 10 to 12 inches from area to be sprayed to insure liberal wetting and a greater amount of roach killing powder when it dries.

Do not use on plastic material or surfaces that are brittle or flammable. Avoid use on exposed surfaces (e.g., wood paneling) that are not smooth as spray may penetrate grooves and dry into a powder that may be difficult to remove.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND
DOMESTIC ANIMALS**

WARNING: Causes eye irritation. Do not get in eyes. May cause skin irritation. Avoid inhalation of spray mist. If in eyes, flush with water and get medical attention. For skin, wash thoroughly with soap and water. Exposed food should be removed or covered during treatment. Avoid contamination of cooking utensils and food processing surfaces.

PHYSICAL OR CHEMICAL HAZARDS: Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 F may cause bursting.

DISPOSAL:

Do not reuse empty container. Wrap container and put in trash collection.
