Automatic Room Fogger
formula IV

d-CON. fourgone.

Automatic Room Fogger
formula IV

Helps Control Bug Build-up

One can fills an entire room (up to 20 x 10 ft with 10' ceiling) with an effective fog-killing fog.

Fog kills insects automatically in minutes, kills in 2 hours. The nozzle is designed so that spray will continue until entire contents are released.

Used as directed, fourgone will not harm drapes, upholstery, fabrics, carpeting, bedspreads, clothing, drapes, furniture, walls, floor tiles, rubber vinyl ceilings, shades or blinds. Articles made of cotton fabric, however, should be removed from the area to be treated.

d-CON. fourgone.

Automatic Room Fogger
formula IV

Kills 17 kinds of bugs
in 2 hours.

No regular spray works the way fourgone does. Automatically fills a whole area with effective fog-killing fog to sweep out infestation. Once you see the fog, fourgone kills the toughest kinds of bugs, and kills them in 2 hours. You use fourgone every time you set up against a stubborn bug problem. Fourgone kills insects as they fly or crawl around such as in the way places as high as areas, all of them: ceilings, attic, basements, as well as rooms.

Kills fleas, ticks, mosquitoes, waterbugs, small flying insects, mosquitoes, yellow jackets, ants, earwigs, spiders, beetles, house flies, crabs, wasps, silverfish, and more.

For ticks and fleas, destroy your bed and rug with Treat-A-Rug and use fourgone to kill the flea production in the rug.

USE fourgone TO DE BUG ANY OF THESE AREAS:

- ROOMS • APARTMENTS •
- HOMES • ATTICS • BASEMENTS •
- CAMPERS • BOATS • GARAGES •
- CABINS • PET SLEEPING AREAS •
- HOUSEHOLD STORAGE AREAS •
- GROUND LEVEL CRAWL SPACES •

d-CON. fourgone. Automatic Room Fogger formula IV

One can fills an entire room (up to 20 x 10 ft with 10' ceiling) with an effective fog-killing fog.

Use additional units for remote rooms or where fog from one unit is not desired.

PREPARATION

COVER all plants, wetted areas, floors, and walls. Remove all items that come in contact with the fog (Newspapers, toys, etc.).

OPEN cupboards, closets, trunks and drawers. Seal in areas to be treated.

REMOVE pets and cover or remove fish tanks and plants. Remove or cover foods, dishes, utensils, and articles that will be in contact with the fog.

PLEASE outside doors and windows. Turn off lights. Close all windows and doors. Turn on lights and open windows after fog has cleared.

EFFECTS

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

1. Spray on a broad spot such as a wall, ceiling, or floor. The fog will spread from the light. Spread several sheets of paper over the treated area to help the fog reach overhead surfaces.

2. REMOVE CAP, TURN CAP OFF, AND SPRAY

3. Turn on lights and open windows. Turn on lights and open windows after fog has cleared.

4. After 2 hours, open all doors, windows, and drawers. Turn on lights and open windows after fog has cleared.

5. Repeat treatment in the weeks if necessary.

PRECAUTIONARY STATEMENT

HAZARD TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Avoid breathing fog. Avoid contact with eyes. Avoid contact with skin. Avoid contact with food and household items. Do not use in children's food preparation areas. Avoid contact with children and food preparation surfaces. Stay out of rooms being treated for two hours. Remove the reason as directed.

STATEMENT OF PRACTICAL TREATMENT

If employed, call a physician or Poison Control Center immediately. Avoid eye contact with fog. Do not breathe fog. Do not use in children's food preparation areas. Avoid contact with children and food preparation surfaces. Stay out of rooms being treated for two hours. Remove the reason as directed.

PHYSICAL AND CHEMICAL HAZARDS

Flammable under pressure. Do not use on other heat or open flame. Do not inhale or ingest the contents. Exposure to temperatures above 100°F may cause bursting.

DISPOSAL: Do not use empty container. Wrap container and put in trash collection.

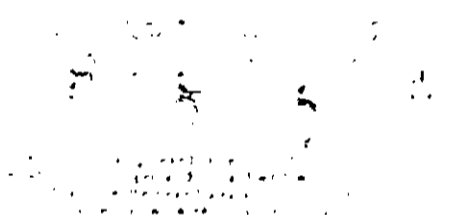

Use can treats one unobstructed area up to 8000 cu ft (20 x 30 with 10 ceilings). Use additional cans for multiple rooms or where free flow of mist is not assured.

PREPARATION

1. Turn on the fogger and allow it to run for 10 minutes before use. This will allow the fogger to warm up and the mist to settle. 2. Turn off the fogger and allow the mist to settle for 10 minutes. 3. Turn on the fogger and allow it to run for 10 minutes. 4. Turn off the fogger and allow the mist to settle for 10 minutes. 5. Turn on the fogger and allow it to run for 10 minutes. 6. Turn off the fogger and allow the mist to settle for 10 minutes.

DIRECTIONS

1. Turn on the fogger and allow it to run for 10 minutes. 2. Turn off the fogger and allow the mist to settle for 10 minutes. 3. Turn on the fogger and allow it to run for 10 minutes. 4. Turn off the fogger and allow the mist to settle for 10 minutes. 5. Turn on the fogger and allow it to run for 10 minutes. 6. Turn off the fogger and allow the mist to settle for 10 minutes.

PRECAUTIONARY STATEMENTS
