NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit the data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

- a. Add the phrase "EPA Registration No. 3282-82."
- b. Since your data matrix does not contain an electrical breakdown voltage, you must add the following to the use directions:

Do not use this product in or on electrical equipment due to the possibility of shock hazard.

- c. Under the precautionary statements, delete the sentences "Cover or remove exposed foods. Avoid contamination . . . while food is exposed" and replace with the following:

Do not use in food areas of food handling establishments, restaurants or other areas where food is commercially prepared or

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL _____ DATE _____

processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms but excluding areas where food may be prepared or held.

In the home, cover all food handling surfaces and cover or remove all food and cooking utensils, or wash thoroughly after treatment.

Nonfood areas are areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

- d. The "Physical Hazards" section should be "Physical and Chemical Hazards."
- e. Delete "for 15 minutes" from the If In Eyes statement.

3. Submit five (5) copies of your final printed labeling before you release product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

ROACHES II

IMPROVED RESIDUAL KILLING POWER

Kills on contact. Lasts up to 4 weeks - even after surface dries.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

IMPORTANT - HOLD CONTAINER IN UPRIGHT POSITION TO SPRAY. SHAKE WELL. Direct spray away from face. Hold container 6 to 12 inches from surface and spray at a rate of 1 foot per second or until surfaces are wet. If reinfestations occur, repeat applications as necessary.

TO KILL ROACHES, WATERBUGS, SILVERFISH, FIFBRATS, SOWBUGS, SPIDERS, CARPET BEETLES AND CENTIPEDES: Spray areas where these pests are found or may hide, including dark corners of rooms and closets; cracks and crevices in walls; along baseboards and door and window frames; behind and beneath sinks, stoves, refrigerators, and cabinets and around garbage cans and plumbing. Pests driven out of hiding places should be sprayed directly.

TO KILL ANTS: Apply to ant trails. Also around doors and windows and other places where ants enter. Avoid spraying foliage. Repeat as necessary.

TO KILL SCORPIONS, EARWIGS, CRICKETS: Spray windows and door sills and other points of entry. Apply also to outside foundation and porches to ground level.

TO KILL FLIES, MOSQUITOES AND GNATS: Spray on screens, walls, door and window frames; wherever they congregate or hide such as under eaves, on porches, patios and in garages. Flies and mosquitoes coming to rest on treated surfaces will be killed.

TO KILL BROWN DOG TICKS AND FLEAS: Thoroughly apply as a spot treatment to infested area such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor coverings where these pests may be present. Old bedding should be removed and replaced with clean, fresh bedding after treatment. Do Not Spray Pets With This Product.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing spray mist and provide adequate ventilation of area being treated. Avoid contact with skin, eyes, and clothing. Wash thoroughly with soap and water after handling and before eating or smoking.

Cover or remove exposed foods. Avoid contamination of cooking utensils and food preparation surfaces. DO NOT use in edible products areas of food processing plants, restaurants, or other areas where food is commercially prepared or processed. Do not use in food serving areas while food is exposed. Keep children and pets out of treatment area and cover fish bowls and aquariums during treatment. Do not allow children or pets on treated areas until spray has dried.

Do not use as a space spray - FOR SURFACE APPLICATION ONLY.

ENVIRONMENTAL HAZARDS. This product is toxic to fish.

PHYSICAL HAZARDS: FLAMMABLE. Contents under pressure. Do not use near fire, heated surfaces, sparks, or flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center immediately. Contains Petroleum distillates. DO NOT INDUCE VOMITING. Vomiting may cause aspiration pneumonia. Do not give anything by mouth to an unconscious person.

IF ON SKIN: Wash contaminated skin with soap and water.

IF IN EYES: Remove contact lens. Flush eyes with plenty of water for 15 minutes. Get medical attention immediately.

IF INHALED: Remove victim to fresh air. Apply respiration if indicated.

STORAGE AND DISPOSAL:

Storage: Store in original container in areas inaccessible to small children. Disposal: Replace cap and discard in trash. Do not puncture or incinerate.
