OCT 31 2008

Subject: Label Notification(s) for Pesticide Registration Notice 2007-4 and 98-10

Change inert ingredients to other ingredients
Added company phone number and website
Added marketing claims based on net contents
Added phone number for Spanish instructions
Added establishment number(s)

Dear Ms. Jenkins:

The Agency is in receipt of your Application(s) for Pesticide Notification(s) under Pesticide Registration Notice (PRN) 2007-4 and 98-10 dated September 26, 2008 for:

EPA Registration 3282-88

d-CON Bait Packs III

The Registration Division (RD) has conducted a review of this request for applicability under PRN 2007-4 and 98-10 and finds that the label change(s) requested falls within the scope of PRN-2007-4 and 98-10. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

2/20

If you have any questions, please contact me directly at 703-305-6249 or Nicole Williams of my staff at 703-308-8893.

Sincerely,

Linda Arrington

Attention: Linda Arrington

Ref.: **d-CON[®] Bait Packs III**

- EPA Reg. No.: 3282-88
- OPP ID No.: 303695
- PR Notice 97-6 and 2007-4 and other minor labeling changes

Dear Ms. Arrington,

Reckitt Benckiser is notifying the Agency of a few label changes made to the above mentioned registration. These changes should be allowed via Notification. All changes to the proposed Master label are indicted in red text. Below is a summary of these changes:

- Revising the Disposal Instruction as per PR Notice 2007-1. The revised language is taken directly from this PR Notice.
- Changing "Inert" Ingredients to "Other" ingredients as allowed by PR Notice 97-6
- Company Contact information (phone number and website)
- Marketing claims based on net contents - (1) (4) (5) (6) (20) place packs
- Adding a phone number for Spanish Instructions. The statement will be in Spanish. The English translation is as follows: Important: For directions for use and first aid instructions in Spanish, please call 1-866-648-1819."
- Adding an establishment number

The enclosed documents support this registration action:

- EPA Application of Pesticide Registration, Form 8570-1, OPP ID No. 303695
- Certification Statement as per PR Notice 95-2
- One copy of proposed label with changes highlighted in red text

Thank you for your assistance with this registration action. If you have any questions, please contact me at (973) 404-2781 or via e-mail at liane.jenkins@reckittbenckiser.com.

Sincerely,

Liane Jenkins

6/20

1.0 oz. Bait Pack - BACK Panel

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read this entire label and follow all use directions and use precautions.

IMPORTANT: Do not expose children, pets, or other nontarget animals to rodenticides. To help prevent accidents:

1. Store product not in use in a location out of reach of children and pets.
2. Apply bait in locations out of reach of children, pets, domestic animals and nontarget wildlife, or in tamper-resistant bait stations. These stations must be resistant to destruction by children under six years of age and must be used in a manner that prevents such children from reaching into bait compartments and obtaining bait. If bait can be shaken from stations when they are lifted, units must be secured or otherwise immobilized. Even stronger bait stations are needed in areas open to hooved livestock, raccoons, bears, other potentially destructive animals, or in areas prone to vandalism.
3. Dispose of product container, and unused, spoiled, and unconsumed bait as specified on this label.

USE RESTRICTIONS:

This product may only be used to control house mice only in the sites identified below.

- In **URBAN AREAS**, this product may only be used in and around homes; in and around industrial, commercial and public buildings; and in transport vehicles (ships, trains, aircraft) and in and around related port or terminal buildings. All applications "around" buildings must be made in tamper-resistant bait stations placed along the walls or other external parts of buildings (e.g. doorways, ramps, loading docks) where mice might seek to gain entrance. Do not use in sewers.
- In **NON-URBAN AREAS**, this product may only be used inside of homes and agricultural buildings.

Do not place bait in areas where there is a possibility of contaminating food or surfaces that come in direct contact with food. Do not broadcast bait.

7/20

1.0 oz. Bait Pack – Back Panel (Mice only)

SELECTION OF TREATMENT AREAS: Determine areas where mice will most likely find and consume the bait. Generally, these are along walls, by gnawed openings, in or beside burrows, in corners and concealed places, between floors and walls, or in locations where rodents or signs of rodents have been seen. Remove as much alternative food as possible. Use tamper-resistant bait stations wherever necessary (see "IMPORTANT:").

APPLICATION DIRECTIONS:

To Control House Mice: Use one bait per placement. Space placements at intervals of 8 to 12 feet. 2 bait packs may be used at points of extremely high mouse activity. Maintain a supply of fresh bait for at least 15 days. Check bait locations every 2 days for signs of feeding. Replenish bait if more than 1/2 of the original amount has been removed by rodents. If bait packs are not fed from for 5 consecutive days, relocate them to other places where rodent activity exists and where placements consistent with the requirements of this label can be made. Collect and dispose of all dead animals and leftover bait properly. To discourage reinfestation, limit sources of rodent food, water and harborage as much as possible. If reinfestation does occur, establish permanent bait stations and replenish as needed.

8/20

1.0 oz. Bait Pack – Back Panel (Mice only)

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: May be harmful if swallowed. Keep away from humans, domestic animals, and pets. Wash hands after handling bait. Wear gloves if bait or dead animals may be handled.

FIRST AID	
Have this label with you when obtaining treatment advice.	
IF SWALLOWED	<ul style="list-style-type: none">• Call a Poison Control Center or doctor immediately for treatment advice.• Have person sip a glass of water if able to swallow. Do not induce vomiting until told to do so by a Poison Control Center or doctor.• Do not give anything by mouth to an unconscious person.
NOTE TO PHYSICIAN AND VETERINARIAN	
Contains Difethialone, an anticoagulant. For humans or dogs that have ingested this product or have obvious poisoning symptoms (bleeding) or elevated prothrombin times, give Vitamin K1 by intramuscular or oral administration. Check prothrombin time every 3 days until values return to normal.	

ENVIRONMENTAL HAZARDS: This product is toxic to fish, birds and wildlife. Predatory and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten the bait. Do not apply directly to water.

STORAGE AND DISPOSAL

STORAGE: Store in original container in a dry place inaccessible to children and pets.

DISPOSAL: If empty: Non-refillable container. Do not reuse or refill container.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused products down any indoor or outdoor drains.

NOTICE TO BUYER AND USER: Buyer and User assume all responsibility for safety and risk associated with any use not in accordance with directions. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, SELLER SHALL NOT BE LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT AND SELLER'S SOLE LIABILITY AND BUYER'S AND USER'S EXCLUSIVE REMEDY SHALL BE LIMITED TO THE REFUND OF THE PURCHASE PRICE.

Important: For Direction for use and first aid instruction in Spanish, please call 1-866-648-1819
