

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs Registration Division (7505C) 1200 Pennsylvania Ave., N.W. Washington, D.C. 20460

3282-90

Date of Issuance:

EPA Reg. Number:

NOV 1 0 2008

NOTICE OF PESTICIDE:

X Registration

___ Reregistration

(under FIFRA, as amended)

Term of Issuance:

Conditional/Expires June 4, 2011

Name of Pesticide Product:

d-Con Bait Station

Name and Address of Registrant (include ZIP Code):

Reckitt Benckiser, Inc.

c/o Technology Sciences Group, Inc. 1150 18th St, N.W.

Washington, D.C. 20036

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a posticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

- 1. Submit and/or cite all data required for registration/reregistration of your product when the Agency requires all registrants of similar products to submit such data.
 - 2. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, "EPA Reg. No. 3282-90."

Signature of Approving Official:

Date:

DV. 10, 2008

Jøhn Hebert, Product Manager (07)

Elen Meler

nsecticide-Rodenticide Branch, Registration Division (7505C)

Page 2 EPA Reg. No. 3282-90

- 3. Storage stability (830.6317) and corrosion characteristics (830.6320) data must be submited within 18 months.
- 4. Should you wish to add/retain a reference to the company's website on your label, please aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Ad and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40CFR156.10(a)(5) is the examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore should the Agency find or if it brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.
- 5. This registration is not consistent with the Agency's May 28, 2008, "Risk Management Decision for Ten Rodenticides." EPA anticipates cancellation of those existing products that are no consistent with the Risk Mitigation Decision to occur no later than June 4, 2011. In the meantime, IPA is approving new registrations and amendments to existing registrations of rodenticide bait products on a time-limited basis, so long as the registrations do not present greater risks of unreasonable adverse effects than existing products. Accordingly, this registration is approved only subject to the condition that the registration shall expire on June 4, 2011. This condition of registration may be amended in conjunction with amendments to conform to the Risk Mitigation Decision. Absent such amendments, product released for shipment by the registrant after June 4, 2011, would be in violation of FIFRA.
- 6. Submit one copy of the revised final printed label for the record before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

John Hebert Product Manager (07) Insecticide-Rodenticide Branch Registration Division (7505C)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read this entire label and follow all use directions and use precautions.

USE RESTRICTIONS: THIS IS NOT A TAMPER RESISTANT BAIT STATION. DO NOT USE THIS PRODUCT IN AREAS ACCESSIBLE TO CHILDREN, PETS, DOMESTIC ANIMALS OR NONTARGET WILDLIFE. DO NOT USE THIS PRODUCT OUTDOORS.

Use only to control house mice in homes. Do not place bait in areas where there is a possibility of contaminating food or surfaces that come in direct contact with food.

Selection of Treatment Areas

Determine areas where mice will most likely find and consume the bait. Generally, these areas are along walls, by gnawed openings, in or beside burrows, in corners and concealed places, between floors and walls, or in locations where mice or their signs have been observed.

House Mice

- 1. Remove (this product) prebaited with a "[bait product brand name]".
- 2. Placement: Can be used in a horizontal or vertical position Station can be placed flat or on its side with entrance holes exposed.

For best performance, use (this product) spaced 8 to 12 feet apart along walls where mice or their signs have been seen.

Replace bait station when contents are consumed. Replace bait station if station is damaged and the bait is exposed. If bait is not touched after 3 days it should be moved to a new location where mouse activity is evident. Wearing gloves collect and dispose of all dead animals and leftover bait properly as specified on this label. To discourage reinfestation, limit sources of rodent food, water and harborage as much as possible. If reinfestation does occur, repeat treatment.

PRECAUTIONARY STATEMENTS:

Hazards to Humans and Domestic Animals

CAUTION: May be harmful or fatal if swallowed. Keep away from humans, domestic animals, and pets. Wear gloves when handling bait station or animals. Wash hands with soap and water after handling bait (station).

IF BAIT IS EATEN BY ANIMALS OR PETS, CALL A VETERINARIAN AT ONCE.

FIRST AID	
Have the product condoctor, or going for the	tainer or label with you when calling a Poison Control Center or reatment.
If swallowed:	 Call a Poison Control Center, or doctor IMMEDIATELY for treatment advice. Have person sip a glass of water if able to swallow. DO NOT induce vomiting unless told to do so by the Poison Control Center or doctor.
N	OTE TO PHYSICIAN OR VETERINARIAN

This product may reduce the clotting ability of the blood and cause hemorrhaging. If

poisoning occurs, intramuscular and oral administration of Vitamin K_1 are indicated, as in poisoning from overdose of bishydroxy coumarin.). FOR HUMAN CASES: Vitamin K_1 is antidotal at doses of 10 to 20 mg (not mg/kg). FOR ANIMAL CASES: Vitamin K_1 is antidotal at 2-5 mg/kg intramuscularly. Repeated doses may need to be given for up to 2 weeks (based on monitoring of prothrombin times). In severe cases, blood transfusions may be necessary.

ENVIRONMENTAL HAZARDS: This product is toxic to fish, birds and wildlife. Predatory and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten the bait. Do not apply directly to water.

STORAGE AND DISPOSAL

This is a non-refillable container. Do not reuse or refill this container.

PESTICIDE STORAGE: Store in original container in a dry place inaccessible to children and pets.

PESTICIDE DISPOSAL: If empty, do not reuse this container. Place in trash or offer for recycling if available. If partly filled, Call your local solid waste agency for disposal instructions. Never place unused products down any indoor or outdoor drains.

NOTICE TO BUYER AND USER: Buyer and User assume all responsibility for safety and risk associated with any use not in accordance with directions. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, SELLER SHALL NOT BE LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE

USE OR HANDLING OF THIS PRODUCT AND SELLER'S SOLE LIABILITY AND BUYER'S AND USER'S EXCLUSIVE REMEDY SHALL BE LIMITED TO THE REFUND OF THE PURCHASE PRICE.
