DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read this entire label and follow all use directions and use precautions. Use only for sites, pests, and application methods described on this label.

USE RESTRICTIONS: Use only to control house mice in homes. This bait station may be used in indoor areas accessible to children, consistent with all use restrictions and other requirements indicated in this label. **DO NOT USE THIS PRODUCT OUTDOORS OR IN AREAS ACCESSIBLE TO PETS.**

Do not place bait in areas where there is a possibility of contaminating food or surfaces that come into direct contact with food.

SELECTION OF TREATMENT AREAS:

Determine areas where house mice will most likely find and consume the bait. Generally, these are along walls, by gnawed openings, in corners and concealed places, or in locations where there are signs of house mice.

TO CONTROL HOUSE MICE:

1. Remove the bait station from the carton
2. Placement: Place along walls or in corners with the entrance holes exposed.

Place bait stations at 8- to 12- foot intervals in appropriate locations in infested areas, as specified in these use directions. Make sure that mouse entrance holes are exposed.

Maintain stations for a minimum of 15 days or as long as activity persist. **Wearing gloves**, replace bait station when its contents have been consumed, damaged, or if bait is exposed. If bait is not touched after 3 days, move station to a new location where mouse activity is evident. Wearing gloves, collect and dispose of all dead animals and leftover bait properly as specified on this label. To discourage reinfestation, limit sources of rodent food, water and harborage as much as possible. If reinfestation does occur, repeat treatment.

PRECAUTIONARY STATEMENTS:

Hazards to Humans and Domestic Animals

CAUTION: May be harmful if swallowed. Keep away from humans, domestic animals and pets. Wear gloves when handling bait station or animals. Wash hands with soap and water after handling bait station.
