

A fast, economical method of preventing tree & shrub roots from causing blockage in pipes.

Will not corrode sewer or drain pipes leading into or out of septic tanks.

Staffel's Root-Stop can also be used through the distribution box direct to septic tank drain field.

**DIRECTIONS FOR USE**

The plastic cup inside this package of STAFFEL'S ROOT-STOP is provided for your use.

The plastic cup contains the exact amount of STAFFEL'S ROOT-STOP needed for one treatment.

For complete stoppage use sewer rod to make some flow before use.

Pour one plastic cupful of STAFFEL'S ROOT-STOP crystals into toilet bowls. Flush toilet repeatedly until all crystals have flushed down. Repeat flushing until the entire contents have been flushed down.

Repeat treatment using one-half cup of product once a week for 4 weeks.

Best time to apply: Before retiring —when the use of utilities is at its lowest.

**CLEARSEWER PIPES  
OF CLOGGING FUNGUS**

**CAUTION:** Harmful if swallowed. Keep out of reach of children, pets and livestock.

This product is toxic to fish and other aquatic life. Do not use in storm drains.

Do not pour into sinks or tubs.

**HOW STAFFEL'S ROOT-STOP WORKS**

STAFFEL'S ROOT-STOP acts only on the roots and fungus which have entered into the pipe lines. It prevents the re-growth of roots at the point of entry. STAFFEL'S ROOT-STOP will not damage trees or shrubs.
