DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For Residential and Home Use: Apply the powder by using this handy "Squeeze" puff duster applicator or by using a spoon. Puff the powder or sprinkle liberally under and behind stoves, refrigerators, dishwashers, washing machines, dryers, and other appliances that may harbor insects. Treat along baseboards, and cracks and crevices where roaches and ants may hide. Do not place product on any marble surface since damage may occur.

Remove all lower cabinet drawers in the bath and kitchen areas. Puff the powder into drawer wells and sprinkle into each corner of shelves. Any powder that is visible after application must be brushed into cracks and crevices or removed. Repeat as needed for control.

For Commercial, Industrial or Newly Constructed Buildings;
Apply with this "Squeeze" Puff Duster applicator or other suitable
application equipment for dust. Apply to within Walls, Soffits,
Sub-cabinet voids, and behind long banks of Appliances, Cabinets or
Lockers. Apply to pits under Dumb Waiters, and under Booth Seats.
In Storerooms apply under pallets and boxes and around Baseboards,
and pipes. Repeat as needed for control of insects.

For Attics, Lofts, and Other Seldom used Storage Areas: Use for the control of Roaches, Ants, Spiders, and Silverfish. In newly constructed areas where insects hide and breed apply this product between joists before the insulation or flooring is laid in place. Use at the rate of 10 0z. to 1 pound per 500 sq.ft.(25 x 20 ft.). Apply lightly over the insulation after it is in place and before the flooring is laid at the rate of 10 0z. to 1 pound per 1,000 sq.ft. If insulation is already in place "Puff" the powder down along the sides of the joists and over the insulation. Use at the rate of 10 ounces to 1 pound per 500 Sq. ft.

Food Handling Establishments: For use in places other than Frivate Residences in which exposed food is held, processed, prepared or served. FOOD AREAS - APPLICATION LIMITED TO CRACK AND CREVICE TREATMENT ONLY. This includes areas receiving, storage, packing (canning, bottling, wraping, boxing), preparing, edible waste storage, and enclosed processing systems(mills, dairies, edible oils, syrups). Serving areas (when food is exposed and facility is in operation would also be considered a food area).

Apply in small amounts directly into cracks and crevices using this handy "Squeeze" Puff Duster. Apply in points between different elements of construction, between equipment and floors, openings leading to voids and nollow spaces in wall, equipment legs and bases to control Roach infestations. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the powder into the air. Avoid contamination of food or food processing surfaces. Do not apply to marble stone surfaces. Repeat as needed for control.

APPLICATIONS OF THIS PRODUCT IN FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A CRACK AND CREVICE TREATMENT ARE NOT PERMITTED.
