(14 pt. type) CAUTION: Keep out of reach of children.  
See right side panel for other cautions (19 pt. type)

Net Weight 20 oz.

Net Content 568 ml.

Net Volume 1.75 L.

For Use in Food Processing Plants (19 pt. type)

To Kill Flies, Mosquitoes, Gnats, Ants, Roaches, Silverfish, Wasps and Flying Moths. Close room and windows to confine insects. Direct the spray to all parts of room, up to or 3-4 seconds/1000 cu. ft. of space. For best results keep room closed for 15 minutes after treatment.

To Kill Silverfish, Ants, Roaches. Direct spray toward all insects in cracks, crevices, underside of shelves, closets and insect trails. Repeat application whenever insects re-appear.

Outside Areas. For temporary relief from flies and mosquitoes, direct spray to ground and bushes. Repeat application as required.

Right Side Panel

(14 pt. type) CAUTION: Use this product as a space spray in food processing plants only when plant is not in operation. Foods should be removed or covered during treatment. All food processing surfaces should be covered or thoroughly cleaned before using. Do not spray directly on food, utensils, plastics or asphalt tile. Do not puncture can, or place on stove or radiator. Store in a cool place. Do not expose to temperatures above 120°F.

Active Ingredients:

Pyrethrins .....	0.50%
* Tech. Piperonyl Butoxide .....	1.00%
N-Octyl Butylcycloheptene Dicarboximide .....	1.65%
Petroleum Distillates .....	11.85%
Inert Ingredients .....	85.00%
	<hr/> 100.00%

\*Equivalent to 0.80% (Butyl n-butyl) (o-Propylpiperonyl) ether and 0.20% related compounds.
