

**DIRECTIONS FOR USE:**

When swimming season is over, add 1 gallon of **POOL-KLEER** (by sprinkling around edge of pool) to 20,000 gallons of water in treating water left in pool. This dose helps provide a measure of control of algae growth during the winter months. This treatment will also help the servicing of the pool before it is returned to use the following season.

When **POOL-KLEER** is used as directed, it will kill and prevent development of *Chlorella pyrenoidosa* (green), *phormidium inundatum* (black algae), *phormidium retzii* (square D algae), *Lyngba versicolor* (blue-green) and other swimming pool algae. **POOL-KLEER** is compatible with most commonly used swimming pool chemicals, but should not be mixed with soap or other cleaners, or premixed with other water-treating chemicals. **POOL-KLEER** works best when added by itself directly to pool water. **POOL-KLEER** at use dilution is non-corrosive to inanimate surfaces.

# Pool-Kleer

**FOR AFTER SEASON SWIMMING POOL CARE**

**Keeps Pool Water Clear and FREE of Visible Algae  
 Controls Algae Slimes**

**ACTIVE INGREDIENTS:**

- n-Alkyl (60%C<sub>14</sub>, 30%C<sub>16</sub>, 5%C<sub>12</sub>, 5%C<sub>18</sub>)  
 dimethyl benzyl ammonium chlorides..... 2%
- n-Alkyl (68%C<sub>12</sub>, 32%C<sub>14</sub>)  
 dimethyl ethylbenzyl ammonium chlorides.... 2%

INERT INGREDIENTS.....96%  
 100%

**WARNING**

**Keep Out of Reach of Children.  
 Set right side panel for first aid and  
 additional precautionary statements.**

**FISH AND / OR WILDLIFE PRECAUTIONS**

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public waters. Apply this product only as specified on this label.

**WARNING**

**Keep Out of Reach of Children.**

Causes eye or skin irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed. Avoid contamination of food.

**FIRST AID**

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician.

**NOTE TO PHYSICIAN**

Probable mucosal damage may contraindicate the use of gastric lavage. Measure against circulatory shock, respiratory depression and convulsion may be needed.

Rinse empty container thoroughly with water and discard.
