NOTICE: Directions for use of this product are based upon tests believed to be reliable. The use of this product being beyond the control of the manufacturer, no guarantee, expressed or implied, is made as to the effects of such or the result to be obtained if not used in accordance with directions or established safe practice. The buyer must assume all responsibility, including injury or damage resulting from its misuse or its combination with other materials.

This product is highly toxic to bees exposed to direct treatment or residue on crops. Protective information may be obtained from your Cooperative Agricultural Extension Service.

WARNING:

KEEP OUT OF REACH OF CHILDREN

WARNING: Highly absorbed through skin. Do not get in eyes or on skin or clothing. Wash all contaminated clothing with soap and water. If contact with skin, wash immediately with soap and water. Wear natural rubber gloves, protective clothing and goggles. Wash hands and face with soap and water after handling and before eating or smoking.

Avoid contact with eyes and the face. Avoid contact with children and animals. Avoid inhalation and skin contact. Wear a respirator of a type passed by the U.S. Health Department for protection against parathion. Avoid contact with children and animals. Avoid contact with children and animals. Avoid contact with children and animals. Avoid contact with children and animals.

WARNING: Do not use in residential areas or near water.

NOTE TO PHYSICIAN

Parathion is a highly toxic organophosphorus compound. It is rapidly absorbed through the skin and mucous membranes. Symptoms of poisoning include headache, dizziness, nausea, vomiting, diarrhea, muscle twitching, and respiratory distress. In severe cases, it can lead to respiratory paralysis and death. Treatment involves supportive care and the use of specific antidotes like atropine and pralidoxime.

First Aid: If inhaled, move to fresh air. If on skin, wash with soap and water. If in eyes, flush with water for 15 minutes. Seek medical attention immediately.

WARNING: Do not use in residential areas or near water. Do not use in residential areas or near water. Do not use in residential areas or near water.

CONTAINER DISPOSAL

Do not reuse or dispose of this container in any way that could result in exposure to humans or animals. This product is highly toxic to bees exposed to direct treatment or residue on crops.
