DIRECTIONS:

1. Cleaning: Use 4 oz. of P.O.D.-5 to each gallon of water and scrub, mop or wipe surfaces in order to get thorough wetting and soil removal. Rinse with water. On surfaces which may come in contact with food, rinse thoroughly with potable water.
2. Disinfecting: To cleaned surfaces apply a solution of 1½ oz. of Pine-Dis-5 to each gallon of water, and wet surfaces thoroughly by wiping, scrubbing or mopping. Allow ten minutes contact before rinsing. On surfaces which may come in contact with food, rinse thoroughly with potable water.
3. Container Disposal: Rinse empty container thoroughly with water and discard it.
