DIRECTIONS: IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING. Spray infested surfaces until wet. For spot application only. **ROACHES, ANTS, WATERBUGS, SILVERFISH, SPIDERS, CRICKETS.** Spray heavily in all cracks, around baseboards and other places where these insects hide. (Surfaces behind and beneath cabinets, refrigerators, sinks, stoves, etc.) Use on other localized areas infested with these pests. Repeat treatment as required. **CARPET BEETLES.** Make localized application to areas of the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Treat crevices, cracks or closets and infested areas of shavings. Repeat as necessary. **BROWN DOG TICKS.** Thoroughly spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of household pets and localized areas of floors and floor coverings. Applications should be repeated as infestations warrant and as reinfestations occur. Fresh bedding should be placed in animal quarters following treatment. Do not treat animals with this formulation. **FLIES, MOSQUITOES, WASPS AND FLYING MOTHS OUTDOORS.** For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or where these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects might congregate. **FLEAS, ANTS AND BROWN DOG TICK OUTDOORS:** For treatment of localized infestations of these insects in outdoor areas where there is no vegetation, spray infested areas thoroughly. For ants, thoroughly wet holes and runways. Repeat applications as infestations warrant and as reinfestations occur. Spray also infested weeds and brushy non-crop areas around the home.

STATEMENT OF PRACTICAL TREATMENT
IF SWALLOWED—Call a physician immediately. Gastric lavage is indicated if material was taken internally. **DO NOT INDUCE VOMITING** unless other treatment is not available. Vomiting may cause aspiration pneumonia. If it is necessary to induce vomiting, give victim one or two glasses of water and insert finger in back of throat. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person.
IF INHALED—Remove victim to fresh air. Apply respiration if indicated.
IF ON SKIN—Wash contaminated skin with soap and water.
IF IN EYES—Flush eyes for at least 15 minutes with plenty of water. Get medical attention if irritation persists.
